Dear Committee Members,

Thank you for considering my application to the public art advisory board. I'm excited to see the opening and hope to join you in your work. My background in art comes from my own personal interest in developing as a creative. Since moving to Winston-Salem almost 20 years ago, I have been a member of Sawtooth and have taken many classes in collage, bookmaking, and mixed media. I am an avid crocheter and art journaler.

As someone who works in libraries and archives, I have experience with policies regarding loans, acquisitions, and deaccession. I have also served on several professional committees, including my current role as Development Chair for the Society of North Carolina Archivists. In this capacity, I introduced new sponsorship levels and increased the donation amounts for this year's annual conference. At this time, we have exceeded last year's donation levels by \$1,500 and continue to receive sponsor requests to support our work. Increasing our donation levels allows us to put that funding in reserve for future scholarships, conferences, and other educational opportunities for our members, especially student members. As a member of this committee, I would look for ways to secure funding to support the mission and goals of the arts in Lewisville.

I hope you will consider my application and allow me to serve alongside each of you. Thank you for your time and commitment to serving and bringing art of all kinds into our community!

Sincerely,

Amy Archambault

To Whom it May Concern-

My name is Analise Anderson, and I am a resident of Lewisville who is interested in being considered for the open seat on the Parks and Recreation Advisory Committee. I have owned a home here since 2018, and am so happy I picked Lewisville to put down roots. I love taking my five-year-old son to Jack Warren and Joanie Moser, and attending events like the Christmas tree lighting, Easter egg hunt, and food truck festival. My partner moved in with us about two years ago and we have enjoyed playing disc golf together at the new course- he is from another small town in the Triad (Thomasville) and it's been lovely to have events to take him to so he can get a sense of Lewisville.

As someone who enjoys being connected to the area I live, especially as very challenging events happen on the world stage, I felt compelled to throw my hat in the ring for the Parks and Rec committee as a way to get more involved directly where I am raising my family. We all love being outside and attending events where we can be active, and so it seems fitting in a variety of directions. I am also a social worker and I have been mainly focused in my career thus far on work with individuals and families, so I am excited to hopefully have the opportunity to utilize my training in community work in a way that I have not yet tapped into since college.

Thank you for your consideration,
