III. Visitors

- A. Town Manager Hank Perkins was in attendance to update the Board and to answer any questions.
 - 1. He was asked why the Town Council decided to turn down the grant for the bicycle study.
 - a. Mr. Perkins confirmed that the Council decided not to accept the grant at this time and provided some background on the application for the grant and how it was to be used. This was to be a matching grant and the Town would have to pay for thirty (30%) percent of the cost.
 - b. Mr. Perkins noted that the upcoming town wide survey may be a way to gauge residents' feelings about bicycling in Lewisville. So far, Council hasn't heard any positive comments about cycling. So the Council doesn't know of any support for cycling and would like to know that the community supports this type of recreational activity before it devotes funding to this type of study.
 - c. The Board would like the minutes to reflect that there was discussion and concern about rejecting the grant. Mrs. Foster said she would bring it up at the next Liaison Committee meeting.
 - 2. Mr. Henning wanted the minutes to reflect that he believes that it is very helpful having the Town Manager attend the Board meetings. The information that he shares is very helpful to the Board.
