PERKINS

Perkins Resigns; Town Manager Search Begins

The Town has begun its search for a new Town Manager following the departure of long-time manager Hank Perkins. Mayor Mike Horn announced Perkins' resignation and intent to take the Town Managers position for Lake Lure during the April 14 Town Council meeting.

MANAGER, Continued on PAGE 3

From Your Mayor **A Teacher's Tale**

Mike Horn

From a previous column, some of you may remember that my mom was a math teacher at our little school in the Florida Keys. By little, I mean kindergarten though 12th grade was in one school. My graduating class had 62 kids.

My mom taught there for nearly 20 years. Her students ranged from those taking advanced algebra to those struggling with basic math. I think mom enjoyed teaching the latter the most.

We've all encountered those unusual teachers who had a special way to connect with students. Certainly, that was my mom. I guess that's the reason why the really-hard-to-teach kids, often the ones with discipline problems, ended up in my mother's classroom. She often called it a halfway house because many of the kids were halfway from being kicked out of school altogether.

But somehow, she found a way to reach them, to get them interested in learning and more than anything else, let them know that someone truly cared about them and their future.

One might think having the toughest, biggest, kids, mostly boys, in a class would be threatening to a five-foot four-inch older woman. Quite the contrary. It was the biggest kids who kept order in the class.

When things started to get a little out of hand, it was the biggest kids in the class, who would stand up and say to the rest, "If Mrs. Horn says be quiet and pay attention, you better do it." And that was that!

I'm sharing the above because recently I returned to

my high school for the current class' graduation where a scholarship was being awarded in my mom's name. Other than being a great teacher, what made this scholarship so meaningful was she was chosen by former students, some thirty years later, as one of the teachers who made a significant difference in the lives of her students.

I guess that's why I've always felt honored to be in the presence of teachers. Every day, these exceptional individuals are helping to shape the lives of our children, especially those who have the most difficulty learning.

So, at the end of this school year, a huge thanks to our hometown teachers at Lewisville Elementary, Vienna Elementary, Lewisville Middle and Forsyth Country Day for what you do and how much you help make Lewisville a great place to live.

By the way, one of the students who kept order in my mom's class went on to play college football, receive a degree and is making his own mark in the world. Funny, how being in my mom's 9th grade basic math class all those years ago helped make that possible.

As always, I welcome your comments.

MANAGER

from PAGE 1

Horn said Perkins had done an "exemplary job and guiding us through a very exciting time in the town's growth," during his past 10 years of service for the Town.

During the Council's May Regular Meeting, Perkins was recognized with a proclamation — along with cake — for his many contributions during his 10 years in Lewisville. Horn said that it has been an "amazing run."

"We've had a great time working

together," Horn said to Perkins, "and have done a lot of amazing things with this council and previous councils and you leading us."

Council member Ken Sadler added: "I've been around since the beginning and seen all of the managers and worked with most of them. I said to Hank that I thought he was one of the best managers we've had in the town, and I just wanted to say that publicly and that I've been impressed with his dedication, abilities, skill set and so forth."

Perkins said he will always look back fondly on his time with the Town of Lewisville.

"I'm not going to have very many words, but I am very proud to have been able to work with such great people, both on the council and the staff," Perkins said.

"Ten years seems like a long time when you say it out loud, but the time has really flown for me, and it's not something that's been anything but a pleasure."

Perkins' last day with the Town was May 27.

The Town is using the Piedmont Triad Regional Council to handle the recruitment for a manager. In the meantime, Town Planner Stacy Tolbert, who has served the Town since 2018, is taking on the additional responsibility of Interim Town Manager.

TOLBERT

Tolbert said she was thankful for the opportunity and the Council putting trust in her and their confidence in her to lead the Town and continue to work with the great staff. Tolbert said she does not have plans on applying for the Manager position, noting she seeks to gain experience during her time as Interim Manager and hopes to aid in a smooth transition during this time.

Recycling Additions Offered for Curbside Pickup

Thanks to all of the Lewisville residents who brought recyclables to our May 14th Special Recycling Event! Thanks also to the student volunteers from Crosby Scholars and Scout Troop 719. If you were unaware of this event, take a look at the enclosed color flyer. It reminds you of acceptable items for weekly curbside pick up, but more importantly, shows you the array of unusual plastic items that we ONLY collect during Special Events, including many TerraCycle items. Post this list on your fridge, in the laundry room or wherever you

choose, and start now saving, instead of trashing, these empty product containers. Bring them to our next special event - Oct. 29th.

More good news! Waste Management, our weekly curbside collector, accepts clean #5 plastic tubs! This means dairy product containers like yogurt, cottage cheese and some frozen treat cups can go into your weekly green bin along with small neck #1 and #2s. Check the bottom of food products you're not sure about.

Here's a thought. The best way to reduce plastic waste isn't recycling.

It's refusing to buy single use plastic when you don't really need it. Use that water bottle you stored in the cupboard. Use real plates instead of styrofoam or plastic. Try remembering those cloth bags in your trunk before you get to the checkout line. Pick one action to focus on for a few weeks and see how easy it is to change your habits. Lots of little steps begin every journey.

Thank you for your efforts to make Lewisville a sustainable community.

~Your Environmental Conservation & Sustainability Committee
