MOORE

From Your Mayor Making Cents of the Numbers

Mike Horn

Your council and staff are now in the process of finalizing our town budget for next year. So it's appropriate that in this issue's column I'll try to simplify where the money comes from, and where it goes.

First off, I think it appropriate to set the context of our budget discussion with a quote I borrowed from a former U.S. President.

"A budget is more than just a series of numbers on a page; it is an embodiment of our values."

That's a simple statement, but it so well captures how we are approaching our budget for this next year.

To start with, let me apologize to Pam Orrell, our finance director who cringes every time I try to explain our budget, but here goes.

In the next budget year starting on July 1st, we are projecting annual revenues of \$5.6 million. Most people think all our revenue comes from our town's property taxes, when in fact, only about 58% is from that source. We also receive revenue from state shared sales and use taxes, state funding for road maintenance, other state shared revenues and several other smaller revenue sources, including ABC sales, so have a cocktail once in a while.

Over the years the town has grown as has the services we provide. Fortunately, our revenue has also grown at a commensurate pace. Because of this, and our fiscal management, we have not raised our tax rate for 20 years. Something few towns have achieved.

So, where does the money go?

Some of our largest expenditures accounting for about 72% of the budget are:

- \$1.1 million for public works used to maintain our roads and overall town maintenance
- \$890,000 for garbage and recycling collection
- \$890,000 for administrative staffing, maintenance and utilities of town hall and the annex and a number of professional service contracts
- \$780,000 for public safety and our community sheriff deputies
- \$400,000 for our wonderful recreational programs and events and the maintenance of our parks and community center

OK, I'm sure heads are spinning, but stick with me.

We also have a general fund reserve, or savings

account. These are funds that we have saved over the years that can be used for general expenses, special projects, emergencies or for long-term major investments including storm water, sewer and other infrastructure projects. Most recently we used some of our savings to help fund the construction of the Mary Alice Warren Community Center.

But wait, don't order yet. We also have additional savings accounts called our capital reserve funds. They total collectively about \$1.6 million and must be used for very specific future major expenditures including:

- The Great Wagon Road
- Sidewalks, Bike Paths & Greenways
- Municipal Buildings & Land Acquisition
- A Future Public Works Facility

Each year we fund these accounts from our regular budget, so they grow over time and are available in the future when we need them.

Now, this next number is the big one that represents the fiscal responsibility and wise use of funds by this council and all previous councils. It's \$7 million and represents all the savings we've accumulated over the years. Why is this important? Because it is our security blanket should we face a major situation that requires us to have access to cash. Over the years we've drawn from it on occasion for special projects, but we do not use it to fund our ongoing or reoccurring operating expenses.

As I mentioned, our budget is more than numbers. It is the vision, the hopes, the aspirations and the financial how and why Lewisville has become such a great place to live and raise a family.

So, if you're still reading this, that's our budget. If you have any questions, and how could you not after my stimulating narrative, next year's proposed budget, to be approved at our June council meeting, is on our website for you to view.

As always, I welcome your comments.

Special Recycling Event Set for Saturday, May 14

Our next Special Recycling Event will be held from 9 a.m. until 1 p.m. on Saturday, May 14, as usual on David McKee beside Shallowford Square, where we collect items that can’t go into the weekly curbside bins but are repurposed through TerraCycle or local vendors. In April, Earth Day Month, you may have seen these items in the Lewisville Branch Library display case.

The Environmental Conservation and Sustainability Committee (ECSC) collects clean items not included in the bi-weekly recycling. This event offers the residents a proper way to recycle items not permitted in the regular curbside recycle collection.

RECYCLING ITEMS

ACCEPTED WILL INCLUDE:

Plastic and paper grocery bags, styrofoam peanuts and bubble wrap, styrofoam egg cartons, inkjet and

laser cartridges, cell phones, plastic six-pack rings, household batteries (only NiCad, mercury, lead and lithium), residential fluorescent bulbs, corks, #1 non-small neck plastic containers like cool whip tubs and lids, and #5 plastic food containers (like yogurt). **Please note, many button batteries are alkaline and do not need to be recycled. Check the number on the internet.**

ITEMS UNACCEPTABLE WILL INCLUDE:

No items that are already permitted in the curbside recycling program such as cardboard and newspaper, no used motor oil, latex paint or antifreeze. All chemicals, paints, televisions and hazardous waste must be taken to the 3RC Envirostation in Winston-Salem, no glass or other plastics not accepted curbside, no toys, housewares or small appliances.

Important notice: We no longer take styrofoam egg cartons. But guess what? The Publix in Clemmons does! Everyday! So pop them into your trunk and drop them off the next time you visit our neighbor to the south.

Go to the Town of Lewisville website <https://www.lewisvillenc.net/solid-waste-recycling> to find the list of accepted and unaccepted items.

Clean used toys, housewares and other small working appliances should be taken to the Goodwill site at the Oaks Shopping Center.

For more information, visit www.lewisvillenc.net, click on Departments, go to Public Works → Solid Waste and Recycling → Special Events, and you will see what to save and bring on May 14th.
