Planning board meets with residents  
to discuss future growth in northeast  
Lewisville, new school site

**Members of the Lewisville Planning Board met with residents to discuss the Northeast Area Plan draft.**

The Lewisville Planning Board held its January 25 work session at the Vienna Fire Department to meet with residents and business owners that would be impacted by the new middle school to be built on Rob-inhood Road.

In anticipation of the new school, the Planning Board has been working on a draft plan for the future growth expected in the northeast area of Lewisville. During its January work session, the Planning Board invited residents in the northeast area to attend the session where residents could ask questions and express any concerns regarding future growth and the new school.

Planning Board members were also joined by Bill Powell, a representative from the WS/FC school system; Kirk Ericson, Winston-Salem/Forsyth County planner; and consultant Paul Kron.

Town Planner Marty Myers presented residents with an overview of the work the Planning Board and town staff have done in preparation for the school, which received funding from the 2016 Forsyth County School Bond referendum which passed in November 2016.

Planning Board chair Jeanne Marie Foster led a question and answer session for residents in attendance.

## From your Mayor

*It's a privilege for me to represent our town at various events here in Forsyth County and across the state. I am always amazed by how many people comment on our reputation as a great town in which to live. Frequently they say, "You guys do things right in Lewisville."*

*Now I don't say that to massage my own ego, but it does make me proud to know that in some small measure I've been part of how our town has evolved.*

*As Henry Ford said, "You can't build a reputation on what you are going to do." Our reputation indeed is built on what we have been able to do working with each other over the last 25 years as a town.*

*While we've accomplished much, I truly believe a community that only stands on its laurels – one which does not keep moving forward with new ideas and energizing initiatives - is a community that will eventually wither. I love living in a town that has great aspirations and boundless energy.*

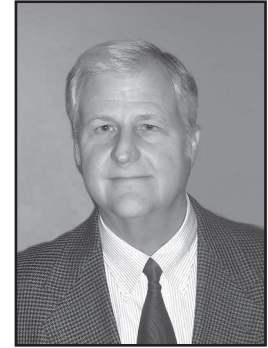

*At the end of this month, on March 25, your*

*council will meet for our annual planning retreat and to set the stage for the year that's ahead us. Our challenge is not just to talk about the future, but to place our town on a course of realization.*

*That course will require us to set aside the politics of the matter, to resolve to achieve and to act boldly for greater goals. As residents of our community, you should expect that from us, and we should demand it from ourselves.*

*Charles Dickens in Great Expectations expresses Pip's greatest fear of seeing nothing on the horizon and having nothing to hope for. I don't have this fear for our community because when we continue to work together, as we have in the past, we have much on the horizon and everything to hope for.*

*As always, I welcome your thoughts and comments.*

## Lewisville Planning Board addresses residents concerns over new growth, new middle school

*Continued from Page 1*

Most residents were concerned with possible traffic related issues that could come with the new school and surrounding development.

Both Marty Myers and Bill Powell emphasized that careful planning was taking place to address those concerns and to make sure that transportation and traffic issues experienced by other local schools would not be a problem with the new middle school.

Residents adjacent to the new school site shared concerns about losing the rural and secluded feel of their community with the construction of and later opening of the school.

Planning Board members noted the residents' concerns and assured those residents that consideration would be made to create buffer zones between current property and the new school site.

Consultant Paul Kron also noted that the town and school system were looking to incorpo-

rate existing green spaces and wetlands on the school site to create a community inclusive area with possible walking trails.

The Planning Board members, as well as Myers, Powell and Kron, emphasized that they were still in the early planning phase and were looking for input from the community to help direct planning of future growth.

A follow up meeting is scheduled for Wednesday, March 22 at 7:00 p.m. at the Vienna Fire Department.

## Town Council honors centenarian during January meeting

**Miriam Marley, Rachael Marley, and Mayor Mike Horn celebrate Rachael Marley's 100th birthday.**

During its January 2017 regular meeting, the Lewisville Town Council declared January 12, 2017 "Rachael Marley Day" in honor of Mrs. Rachael Marley's 100th birthday.

A reception was held in Mrs. Marley's honor during the January council meeting.

Mayor Horn read from the proclamation, stating "Mrs. Marley has been a wonderful influence in the communities in which she has lived," noting "longevity of life is a blessing for an individual and for a community which benefits from the knowledge, creativity, and experiences this individual brings to all."

When asked what her secret to longevity was, Mrs. Marley replied, "Well, just don't worry too much."

LBC volunteer Bruce McCullen works to pick up litter around Lewisville during the LBC Clean Sweep event

## LBC Spring Clean Sweep, Saturday April 1

The Lewisville Beautification Committee will be hosting its bi-annual Clean Sweep on Saturday, April 1 from 9 a.m. to noon. Clean Sweeps are held twice a year, once in April and again in October with the aim of picking up litter around town. This past October, volunteers were able to collect 31 bags of trash in just under three hours. "We're trying to get the word out again so that we can do the same sort of town-wide effort," Hall said.

The clean-up will begin at 9 a.m. and participants will meet at the Town Hall Annex. Gloves, safety vests and pickup sticks and trash bags will be available there.

"This is only a couple of hours on a Saturday morning for a good cause, and I hope others will volunteer to help make the event successful," Hall said.

The LBC relies heavily on volunteer participation to make the Clean Sweep events a success. "We are proud to live in a community that cares so much about their town", noted LBC member Genevieve Athens. "Keeping roadsides litter-free is a cornerstone of the Beautification Committee and makes Lewisville a better place to live," added Athens.

Anyone interested in volunteering for this spring's clean sweep should contact Yvonne Hall at [deanvon2@aol.com](mailto:deanvon2@aol.com) or 336-945-2242.

## Town Council retreat rescheduled for Sat. March 25

The annual Town Council Retreat has been rescheduled for Saturday, March 25. Initially scheduled for February 11, the date of the retreat was moved to ensure all council members could attend and participate in the meeting.

The retreat will begin Saturday morning at 8 a.m. and will run throughout the day.

"This meeting is open to the public, but is largely an opportunity for the Council and staff to talk about projects in the works and what we see on the horizon in the years to come," noted Town Manager Hank Perkins.

"The retreat serves as a planning session for the future direction of town projects and activities," explained Perkins. "It helps the Council to focus on the town's long range goals, rather than the regular day to day activities that Council focuses on during regular briefing sessions."
