Section 4. 17-1 Intent.

It shall be the intent of this chapter to promote and enhance the aesthetic appearance of the Town; to protect the property values throughout the Town; and opportunities for economic development of the Town. It is further the intent of this chapter to promote and enhance the attractiveness of the Town thoroughfares and residential streets, which present public visibility to visitors and to passers-by of the Town by controlling and regulating abandoned, hazardous and junked vehicles.

Section 5. 17-2 Definitions. For the purposes of this ordinance, certain words and terms are defined as herein indicated:

ABANDONED VEHICLE: As authorized and defined in §160A-303 of the North Carolina General Statutes, an Abandoned Motor Vehicle is a motor vehicle which:

- (1) Has been left upon a street or highway in violation of a law or ordinance prohibiting parking;
- or
- (2) Is left on property owned or operated by the Town for longer than 24 hours; or
- (3) Is left on private property without the consent of the owner, occupant, or lessee thereof for longer than two hours; or
- (4) Is left on any public street or highway for longer than seven days or is determined by law enforcement to be a hazard to the motoring public.

APPROVED MOTOR VEHICLE COVER. A ready-fit cover made expressly for motor vehicles which will resist decay, mildew, and ultra-violet sunlight.

AUTHORIZING OFFICIAL: Any Forsyth County Sheriff's Deputy officer on duty that day, the Town

Manager or his/her designee, are designated to authorize the removal of vehicles under the provisions of this chapter.

HAZARDOUS VEHICLE. A vehicle on public or private property that is determined and declared to be a health or safety hazard, a public nuisance, and unlawful, and including a vehicle found to be:

1. A breeding ground or harbor for mosquitoes, other insects, rats or other pests; or
 2. A point of heavy growth of weeds or other noxious vegetation over eight (8) inches in height;
- or
3. A point of collection of pools or ponds of water; or
 4. A point of concentration of quantities of gasoline, oil or other flammable or explosive materials as evidenced by odor; or
 5. One which has areas of confinement, such as trunks, hoods, etc., which cannot be operated from inside the area of confinement; or
 6. One so situated or located that there is a danger of it falling or turning over; or
 7. One which is a point of collection of garbage, food waste, animal waste, or any other rotten or putrescent matter of any kind; or
 8. One which has sharp parts thereof which are jagged or contain sharp edges of metal or glass;
- or
9. Any other vehicle specifically declared a health and safety hazard and a public nuisance by the Lewisville Town Council.

JUNKED MOTOR VEHICLE: As authorized and defined in §160A-303.2 of the North Carolina General Statutes, the term "Junked Motor Vehicle" means a vehicle that does not display a current license plate upon that vehicle and that:

1. Is partially dismantled or wrecked; or
2. Cannot be self-propelled or moved in the manner in which it originally was intended to move; or
3. Is more than five years old and appears to be worth less than five hundred dollars (\$500.00).

MOTOR VEHICLE OR VEHICLE: All machines designed or intended to travel over land by self-propulsion or while attached to any self-propelled vehicle.

Section 6. 17-3 JURISDICTION. The provisions of this ordinance shall apply within the corporate limits of the Town of Lewisville.

Section 7. 17-4 ADMINISTRATION. The Forsyth County Sheriff's Office, the Town Manager or his/her designee shall be responsible for the administration and enforcement of this chapter.

- A. The Forsyth County Sheriff's Office shall be responsible for administering the removal and

disposition of vehicles determined to be “abandoned”, “hazardous” or “junked” on the public streets and highways within the municipality and on property owned by the municipality.

1. Nothing in this ordinance shall be construed to limit the legal authority or powers of officers of the Forsyth County Sheriff's Office in enforcing other laws or in otherwise carrying out their duties.

B. The Town Manager or his/her designee shall be responsible for administering the removal and disposition of "abandoned," "hazardous" or "junked motor vehicles" located on private property. **The Town may, on an annual basis, contract with private tow truck operators or towing businesses to remove, store, and dispose of abandoned vehicles, hazardous vehicles and junked motor vehicles in compliance with this chapter and applicable state laws.**

Section 8. 17-5 Abandoned vehicle unlawful; removal authorized.

A. Upon investigation, the proper **authorizing authorized** official of the Town, **pursuant to Section 17-4,** may determine and declare that a vehicle is an abandoned motor vehicle as defined above, and order the vehicle removed.

B. It shall be unlawful for the registered owner or person entitled to possession of a motor vehicle, or for the owner, lessee, or occupant of the real property upon which the vehicle is located to leave, cause or allow a motor vehicle to become an abandoned motor vehicle.

Section 9. 17-6 Hazardous vehicle unlawful; removal authorized.

A. Upon investigation, the proper **authorizing authorized** official of the Town, **pursuant to Section 17-4,** may determine and declare that a vehicle is a health or safety hazard and a hazardous vehicle as defined above, and order the vehicle removed.

B. It shall be unlawful for the registered owner or person entitled to possession of a motor vehicle, or for the owner, lessee, or occupant of the real property upon which the vehicle is located to leave, cause or allow such vehicle to remain on the property after it has been declared a hazardous vehicle.

Section 10. 17-7 Junked motor vehicle regulated; removal authorized.

A. It shall be unlawful for the registered owner or person entitled to the possession of a junked motor vehicle, or for the owner, lessee, or occupant of the real property upon which a junked motor vehicle is located, to leave or allow the junked motor vehicle to remain on the property after the vehicle has been ordered removed.

B. Subject to the provisions of §17-7 A. of this section, upon investigation, the **Forsyth County Sheriff's Office, the Town Manager or his/her designee authorized official of the Town, pursuant to Section 17-4,**

may order the removal of a junked motor vehicle as defined in this ordinance, from private property to a storage garage or storage area. after finding in writing that the aesthetic benefits of removing the vehicle outweigh the burdens imposed on the private property owner. Such finding shall be based on a balancing of the monetary loss of the apparent owner against the corresponding gain to the public by promoting or enhancing community, neighborhood or area appearance. The following among other relevant factors may be considered:

1. — Protection of property values;
2. — Promotion of tourism and other economic development opportunities;
3. — Indirect protection of public health and safety;
4. — Preservation of the character and integrity of the community; and
5. — Promotion of the comfort, happiness and emotional stability of area residents.

C. Permitted concealment or enclosure of junked motor vehicle.

1. One junked motor vehicle, in its entirety, may be located in the rear yard, as defined in the Town of Lewisville' Unified Development Ordinances, provided the junked motor vehicle is entirely concealed from public view from a public street and/or abutting premises by an approved motor vehicle covering. The Forsyth County Sheriff's Office, the Town Manager or his/her designee authorized official of the Town, pursuant to §17-4, has the authority to determine whether any junked motor vehicle is adequately concealed as required by this provision. The covering must remain in good repair and not be allowed to deteriorate. The covering or enclosure must be compatible with the objectives stated in the preamble §17-1 of this ordinance.

2. Any additional junked motor vehicle shall be kept within a garage or similar structure that provides a complete enclosure so that the junked motor vehicle(s) cannot be seen from a public street and/or abutting property. Garages or similar structures mean either a lawful, nonconforming use or a structure erected pursuant to the lawful issuance of a building permit and which has been constructed in accordance with all zoning and building code regulations.

Section 11. 17-8 Removal of abandoned, hazardous or junked motor vehicles; pre-towing notice requirements; appeals.

A. Except as set forth in §17-9 below, an abandoned, hazardous or junked vehicle which is to be removed, shall be towed only after notice to the registered owner or person entitled to possession of the vehicle. In the case of a hazardous vehicle or a junked motor vehicle, if the names and mailing addresses of the registered owner or person entitled to the possession of the vehicle, or the owner, lessee, or occupant of the real property upon which the vehicle is located can be ascertained in the exercise of reasonable diligence, the notice shall be given by first class mail.

1. Reasonable diligence shall include notification to the registered owner of the vehicle at his

last known address according to the latest registration certificate or certificate of title on file with the North Carolina Division of Motor Vehicles; notice to the owner of real property as recorded in the Forsyth County Tax Office; notice to the owner, lessee or occupant. The person who mails the notice(s) shall retain a written record to show the name(s) and address(es) to which mailed, and the date mailed.

2. If such names and addresses cannot be ascertained or if the vehicle to be removed is an abandoned motor vehicle, notice shall be given by affixing on the windshield or some other conspicuous place on the vehicle a notice indicating that the vehicle will be removed by the Town on a specific date (no sooner than seven (7) days after the notice is affixed. The notice shall state that the vehicle will be removed by the municipality on specified date, no sooner than seven (7) days after the notice is affixed or mailed, unless the vehicle is moved by the owner or legal possessor prior to that time.

B. Appeals. The registered owner or person entitled to possessing a vehicle which has been determined to be an abandoned vehicle on private property, hazardous vehicle or junked motor vehicle who has received a notice pursuant to §17-8 that the vehicle will be removed may appeal the determination. Any appeal shall be made within ten (10) days upon receipt of the notice for removal of the vehicle as provided in §17-8. All appeals shall be made to the Town Council in writing. Appeals held pursuant to this section shall be conducted by the Town Council within forty-five (45) days after the receipt of a request for a hearing, and further proceedings to remove the vehicle shall be stayed until the appeal is heard and decided.

Section 12. 17-9 EXCEPTIONS TO PRIOR NOTICE REQUIREMENT.

A. The requirement that notice be given prior to the removal of an abandoned, hazardous or junked motor vehicle may, as determined by the authorizing official be omitted in those circumstances where there is a special need for prompt action to eliminate traffic obstructions or to otherwise maintain and protect the public safety and welfare. Such findings shall, in all cases, be entered by the authorizing authorized official of the Town, pursuant to Section 17-4, in appropriate written records.

B. Circumstances justifying the removal of vehicles without prior notice include:

1. Vehicles abandoned on the public streets. For vehicles left on the public streets and highways, the authorized official of the Town, pursuant to Section 17-4, hereby determines that immediate removal of such vehicles may be warranted when they are:

- a. Obstructing traffic;
- b. Parking in violation of an ordinance prohibiting or restricting parking;
- c. Parked in a no-stopping or standing zone;
- d. Parked in loading zones;

e. Parked in bus zones; or

f. Parked in violation of temporary parking restrictions imposed under any Town ordinance.

2. Other abandoned or hazardous vehicles. With respect to abandoned or hazardous vehicles left on Town owned property other than the streets and highways and on private property, such vehicles may be removed without giving prior notice in those circumstances where the **authorizing authorized** official finds a special need for prompt action to protect and maintain the public health, safety and welfare. By way of illustration and not of limitation, such circumstances include vehicles blocking or obstructing ingress or egress to businesses and residences; vehicles parked in such a location or manner as to pose a traffic hazard, or vehicles causing damage to public or private property.

3. Vehicles left on private property. A vehicle may be removed that has been left on private property without the consent of the owner, occupant or lessee thereof for longer than two (2) hours and the owner, occupant or lessee has complied with **§17-9** of this ordinance, or in those circumstances where there is a finding of a special need for prompt action to eliminate traffic obstructions or to otherwise maintain and protect the public safety and welfare. Such findings shall, in all cases, be entered by the authorized official in the appropriate written records.

Section 13. 17-10 REMOVAL OF VEHICLES; POST-TOWING NOTICE REQUIREMENTS.

A. Any abandoned, hazardous or junked vehicle which has been ordered removed may, as directed by the proper authorizing official of the Town, be removed to a storage garage or area by the tow truck operator or towing business contracting to perform such services for the Town. Whenever such a vehicle is removed, the authorizing Town official shall immediately notify the last known registered owner of the vehicle, such notice to include the following:

1. A description of the vehicle;
2. The place where the vehicle is stored;
3. The violation with which the owner is charged, if any;
4. The procedure the owner must follow to have the vehicle returned to him; and
5. The procedure the owner must follow to request a probable cause hearing on the towing.

B. The Town shall attempt to give notice to the vehicle owner by telephone; however, whether or not the owner is reached by telephone, written notice, including the information set forth in **§17-10 A. above**, shall also be mailed to the registered owner's last known address, unless the notice is waived in writing by

the vehicle owner or his agent.

C. If the vehicle is registered in North Carolina, notice shall be given within twenty-four (24) hours. If the vehicle is not registered in the state, notice shall be given to the registered owner within seventy-two (72) hours of the removal of the vehicle.

D. Whenever an abandoned, hazardous or junked motor vehicle is removed and such vehicle has no valid registration or registration plates, the authorizing Town official shall make reasonable efforts, including checking the vehicle identification number to determine the last known registered owner of the vehicle and to notify him or her of the information set forth in §17-10 A. above.

Section 14. 17-11 RIGHT TO PROBABLE CAUSE HEARING BEFORE SALE OR FINAL DISPOSITION OF VEHICLE. After the removal of an abandoned vehicle, hazardous vehicle or junked motor vehicle, the owner or any other person entitled to possession is entitled to a hearing for the purpose of determining if probable cause existed for removing the vehicle. A request for hearing must be filed in writing with the County Magistrate designated by the Chief District Court Judge to receive such hearing requests. The Magistrate will set the hearing within seventy-two (72) hours of receipt of the request, and the hearing will be conducted in accordance with the provisions of North Carolina G.S. §20-219.11, as amended.

Section 15. 17-12 REDEMPTION OF VEHICLE DURING PROCEEDINGS. At any stage in the proceedings, including before the probable cause hearing, the owner may obtain possession of the removed vehicle by paying the towing fee, including any storage charges, or by posting a bond for double the amount of such fees and charges to the tow truck operator or towing business having custody of the removed vehicle. Upon regaining possession of a vehicle, the owner or person entitled to the possession of the vehicle shall not allow or engage in further violations of this ordinance.

Section 16. 17-13 SALE AND DISPOSITION OF UNCLAIMED VEHICLE. Any abandoned, hazardous or junked motor vehicle which is not claimed by the owner or other party entitled to possession will be disposed of by the tow truck operator or towing business having custody of the vehicle. Disposition of such vehicle shall be carried out in accordance with North Carolina G.S. §44A-1 through 44A-6.

Section 17. 17-14 CONDITIONS ON REMOVAL OF VEHICLES FROM PRIVATE PROPERTY. Except as provided in §17-10 B, as a general policy, the Town will not remove a vehicle from private property if the owner, occupant or lessee of such property could have the vehicle removed under applicable state laws. In no case will a vehicle be removed by the Town from private property without a written request of the owner, occupant or lessee, except in those cases where a vehicle is a hazardous vehicle or is a junked motor vehicle which has been ordered removed by the authorized official of the Town, pursuant to Section 17-4, pursuant to §17-10 B. The Town shall require any person requesting the removal of an abandoned, hazardous or junked motor vehicle from private property to indemnify the Town against any loss, expense or liability incurred because of the removal, storage, or sale thereof.

Section 18. 17-15 PROTECTION AGAINST CRIMINAL OR CIVIL LIABILITY. Any person who removes a vehicle pursuant to this chapter shall not be held liable for damages for the removal of the vehicle to the owner, lien holder or other person legally entitled to the possession of the vehicle removed; however, any person who intentionally or negligently damages a vehicle in the removal of such vehicle, or intentionally or negligently inflicts injury upon any person in the removal of such vehicle, may be held liable for damages.

Section 19. 17-16 EXCEPTIONS. Nothing in this Ordinance shall apply to any vehicle which meets the following conditions:

- A. The vehicle is located in a bone fide "automobile graveyard" or "junkyard" as defined in G.S. §136-143, in accordance with the Junkyard Control Act, G.S. §136-141 et seq.
- B. The vehicle is in an enclosed building;
- C. One (1) junked motor vehicle in its entirety, is located in the rear yard as defined by the Town's Unified Development Ordinance if the junked motor vehicle is entirely concealed from public view by an approved motor vehicle cover. The approved motor vehicle cover must remain in good repair and must not be allowed to deteriorate.
- D. The vehicle is on the premises of a business enterprise being operated in a lawful place and manner if the vehicle is necessary to the operation of the enterprise; or
- E. The vehicle is in an appropriate storage place or depository maintained in a lawful place and manner by the municipality.
- F. The motor vehicle is used on a regular basis for business or personal use.

Section 20. 17-17 UNLAWFUL REMOVAL OF IMPOUNDED VEHICLE. It shall be unlawful for any person to remove or attempt to remove from any storage facility designated by the Town any vehicle which has been impounded pursuant to the provisions of this ordinance unless and until all towing and impoundment fees which are due, or bond in lieu of such fees, have been paid.

Section 21. 17-18 SEVERABILITY. If any part of this ordinance or the application thereof to any person or condition is held invalid such invalidity shall not affect other parts of this ordinance or their application to any other person or condition, and to this end, the provisions of this ordinance are hereby declared to be severable.

Section 22. *Repeal and re-enactment of existing Removal and Disposition of Abandoned, Nuisance and Junked Motor Vehicles ordinance of the Town of Lewisville.* The rewriting of this Ordinance, in part, carries forth by re-enactment some of the provisions of the existing Removal and Disposition of Abandoned, Nuisance and Junked Motor Vehicles of the municipality and is not intended to repeal, but rather to reenact

and continue in force such existing provisions so that all rights and liabilities that have been accrued are preserved and may be enforced. All provisions of *Chapter 17 Removal and Disposition of Abandoned, Nuisance and Junked Motor Vehicles* which are not reenacted are hereby repealed.

Section 23. It is the intent of the Lewisville Town Council that the provisions of this ordinance shall be made a part of the Town of Lewisville Town Code; that the sections of this ordinance may be re-numbered or re-lettered; and that the word “ordinance” may be changed to “section”, “article”, “chapter” or other appropriate designation to accomplish such intention.

Section 24. This ordinance shall become effective upon its adoption.

Tree and Bench Dedication Proposal for Jack Warren Park

Date

Presented by

Lewisville Beautification Committee

Background: Many residents and others have inquired about dedicating a tree or bench at Jack Warren Park as a way to honor or memorialize a family member or friend. With the recent planting of trees along the walking trail in the park and the availability of benches, residents and others now have the opportunity to do this.

Purpose: Provide a method by which anyone may participate in the honoring or memorialization of a person or organization.

Participants: Residents, Families, Businesses and Others

Costs: Donation of \$300.⁰⁰ per tree payable in a lump sum.

Donation of \$600.⁰⁰ per bench payable in a lump sum.

How It Works:

- * Selection of a tree/bench location is on a first come, first served basis from the attached Site Plan showing each tree/bench location.
- * Each location will include a dedication plaque.
- * Costs include: purchase of the tree or bench, materials for installation, installation, dedication plaques, town maintenance.
- * Records will be maintained by Town Hall.

CONTRACT for: Town Of Lewisville

Re: Estimate # 2100

Date: April 28, 2021

TERMS AND CONDITIONS

These terms and conditions are a part of the total Estimate and Contract ("Contract"), and are binding upon execution by both parties, Town Of Lewisville ("You the Customer") and Sage Security Solutions LLC ("Us the Company").

1. **PRICE AND DEPOSIT:** Quoted pricing ("Price") is good for 60 days. After 60 days, prices are subject to increase without prior notice, and the Price will be that in effect at the time of shipment or the initial providing of services. A deposit of 50% of the Contract Price ("Deposit") will be invoiced at time of acceptance and execution of the Contract and payment of the Deposit must be received by the Company prior to commencement of work or delivery of goods, materials or services ("Work") to accomplish the installation or repair of systems ("Systems") (hereafter "Work" and "Systems" may be collectively referred to as "Work/Systems") unless otherwise stated in the proposal.
2. **TAXES:** All prices or quotes specifically exclude any sales, use, franchise, license, excise or other taxes with respect to the Work. All sales, use, franchise, license, excise or other taxes in respect to sale or delivery of the goods or services will be added to invoice(s) and must be paid by Customer unless otherwise stated in the proposal
3. **PERMITS:** The Company may obtain permits or authorizations from applicable governmental authorities having jurisdiction over the Work as needed as a courtesy to assist the Customer; however, it is at all times the Customer's sole responsibility to timely obtain any permits necessary to complete the Work at Customer's sole expense. Company reserves, in its sole discretion, the right to terminate the Work and the Contract if permits are not timely obtained as set forth above. In the event of such withdrawal, all Contract sums due for Work performed or materials ordered or delivered through the date of withdrawal will be immediately paid by Customer.
4. **TERMS OF PAYMENT:** Unless otherwise specified, and subject to credit approval which may be revoked without cause or notice to Customer at any time by Company, the terms of payment shall be net fifteen (15) days from the date of invoice. All invoices unpaid after thirty (30) days from the date thereof shall be subject to a late payment fee of 1-1/2% per month on the outstanding balance. Customer agrees to pay all Company's costs of collection for any unpaid balance, including, but not limited to, Company's reasonable collection costs, disbursements and attorney's fees, regardless of whether litigation or arbitration is commenced.

5. **INSTALLMENT PAYMENTS:** In the event that Customer and Company agree to installment payments during the Work, then such installment payments shall be made according to the terms of payment set forth in paragraph 4 above. In the event any installment payment becomes past due, Company may cease all further Work until full payment is made.

6. **INSTALLATION, MAINTENANCE, and SERVICE:** Customer hereby authorizes and empowers Company to perform or cause to be performed the Work pursuant to the terms of this Contract, including but not limited to installation, maintenance, inspection, testing, and repair of the Systems on its premises. The Work shall be performed in a workmanlike manner in accordance with Company's standard practices and shall be completed in accordance with a mutually agreed upon written schedule. The obligation of Company to provide service related to the maintenance of the System installed by the Company pertains solely to the items specified in the Bill of Materials as herein set forth or attached and incorporated by reference. The Company is not obligated to maintain, repair, service, replace, operate or assure the operation of any device, system, or property belonging to Customer or to any third party to whom such specified systems or components are attached, unless specifically agreed upon in this Contract. The Company will provide service only in accordance with the standard warranty hereinafter set forth, and any other service agreement executed and agreed upon between Company and Customer while the equipment is located on the premises upon which it was installed. The Company technicians will have full and free access upon their arrival to the equipment covered under the service agreement to provide service thereon. For existing installations, the Customer represents that it is the sole owner of the equipment to be serviced under the service agreement, or, if not the sole owner, Customer shall provide written authority from the owner to include such equipment under the service agreement.

Any service to be provided is intended to maintain the equipment in, or restore the equipment to, good working order. Service under the service agreement does not insure or assure against, nor shall Company assume any liability for, interruptions in operation of the equipment covered by the service agreement. When covered by a service agreement, the service also includes preventative maintenance based upon the specific needs of the individual equipment as determined solely by Company.

7. **EXCAVATION:** Customer assumes all liability and responsibility for properly locating and identifying all water, sewer, telephone, cable TV, electric power and gas lines ("Utility Lines"). Company is in no manner responsible or liable for any damage or cutting of Utility Lines. Company shall not perform any landscape repairs to any property.

8. **CUSTOMER'S DELAY:** Customer's delay or inability regarding delivery of materials to the Work site shall not excuse or release Customer from its obligation to timely pay the sums due according to the Contract.

9. **DELAYS:** Company shall not be liable for reasonable delays in performing the Work. Reasonable delays include, without limitation, delays resulting from: accidents, acts of God, fires, floods, freight embargoes or transportation delays, inspection delays, shortages of labor, inability to secure fuel, material, supplies or power or on account of shortages thereof, any existing or future laws, acts, regulations, orders, requests or decrees of the federal or any state government affecting the conduct of Company business which Company, in its judgment and discretion, deems it advisable to comply with as a legal or patriotic duty, or other causes beyond Company's control. Reasonable delays also include, without limitation, delays to which the Customer, when notified thereof, makes no immediate written objection to the Company. In the event of any such delay, the date of delivery of the Work shall be extended for a period equal to the time lost by such delay. In the event of its inability for any reason to supply the goods or services pursuant to the Work/Systems to be furnished hereunder, Company may, in its sole discretion and without notice to Customer, allocate its availability of supply of such goods and services among any or all of its customers, as well as departments, divisions, subsidiaries or affiliates of Company, or among Company's product lines on such basis as Company may deem practical with no liability for any failure of performance which may result there from.

10. **WARRANTY:**

A. **EXCLUSIVE LIMITED WARRANTY:** Only for all direct sales or leases of equipment ("Equipment") by the Company to the Customer and for the benefit only of the Customer, the following exclusive limited warranty ("Warranty") shall consist of any parts or components, including wiring or any downloading technology used with or as a part of the Work/Systems installed under this or any other agreement between Customer and Company, when such installation is performed by or at the direction of a current Company employee or its duly authorized representative, which proves to be defective in material or workmanship within ninety (90) days of the date of completion of installation for Labor and one (1) year of the date of completion of installation for Parts, will

be repaired or replaced at Company's option with a functionally operative part or component substantially equivalent in cost and quality to the defective part, or, alternatively, the Company may choose, in its sole discretion, to refund to the Customer the purchase price of the defective part or component in question or pay the liquidated damages agreed upon and set forth below. Unless a different time period is indicated in this Contract, the materials required to repair or replace such defective parts or components will be provided free of charge for a period of 90 days following the completion of the initial installation and any subsequent installation associated with the correction of defective parts or components.

B. CUSTOMER LIABLE FOR CHARGES: This Warranty does not apply to the occurrences listed below in Section 10C, and in the event Customer calls Company for Work/Systems under this Warranty and upon inspection, the Company determines that one of the said occurrences has led to the inoperability or apparent inoperability of the System, the Customer hereby agrees to pay, within 15 days of receipt of Company's invoice, for all non-warranted repair work and service call(s) of Company. Non-warranted service will be furnished by Company during its normal working hours, 8:00 a.m. to 4:30 p.m., Monday through Friday, excluding holidays.

C. OCCURRENCES NOT COVERED BY WARRANTY: The occurrences not warranted ("Occurrences") are as follows: A) Damage resulting from accidents, acts of God, alteration, misuse, tampering with, or abuse of, the Work/Systems covered by this Contract or failure to adequately secure the Customer's premises, and regardless of whether caused by Customer, its guests, invitees, licensees, trespassers, or other third parties; B) Improper or negligent performance of any Work/Systems or adjustment of any of the Equipment listed in this Contract as a part of the Work/Systems, including without limitation any independent third party dealer or installer not directly employed or duly authorized by Company; C) Failure of Customer to properly follow instructions communicated orally or in writing at the time of installation or at any later date, whether provided by Company or its representatives concerning the Work described in this Contract; D) Any defect or adjustment which was caused by maintenance, work or adjustment to Equipment or software by anyone other than a direct employee or duly authorized representative of the Company; E) Damages caused by the interruption of electrical power or to the telephone service; F) Damages resulting from ordinary wear and tear or deterioration of any part of the Work/Systems or other failure of any part of the Work/Systems after the expiration of the ninety-day limited warranty period described herein unless specifically covered by an executed Service Agreement between Customer and Company.

D. SERVICE AGREEMENT OPTION: In the event that Customer has elected to execute a Service Agreement from Sage Security Solutions LLC, all work and materials contained in this contract job will be covered in accordance with the terms of the Service Agreement Document elected and executed herein. In the event that the Customer already has an existing Service Agreement in place prior to this contract job, all work and materials being provided by this contract job will be deemed part of the original and existing Service Agreement Document, and any additional premiums due as a result of this contract job are hereby stated in the Scope of Work and agreed to by the Customer and Sage Security Solutions LLC, and will be considered due and payable in accordance with the terms of the original and existing Service Agreement Document from the date of this contract job until the expiration or renewal of the original Service Agreement.

EXCEPT AS STATED HEREIN, THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED. COMPANY EXPRESSLY DISCLAIMS ANY AND ALL EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, AND THE WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER LEGAL RIGHTS WHICH VARY FROM STATE TO STATE.

11. LIMITATION OF LIABILITY: Under no circumstances shall the Company be liable to Customer for any consequential damages, lost profits or any other incidental or consequential loss. Customer's sole remedy under this Contract is limited to the remedies set forth in Section 10 relating to Warranty. Furthermore, it is understood and agreed that the Company is not an insurer and that insurance against loss due to burglary, robbery, fire or otherwise, may be obtained by and shall be the exclusive responsibility of the Customer if desired. The payments required by this Contract are based solely upon the price of the Work/Systems described in this Contract, and are unrelated to the value of any property located at the Customer's site of the Work/Systems. The parties hereto agree that it is impractical and extremely difficult to fix the actual damages, if any, that may be proximately caused from the failure of the Company to perform the Work hereunder, including without limitation any act or omission relating to downloading technology monitoring goods or services or judgments made in the evaluation of remote video monitoring transmissions. The Customer agrees that this Contract does absolutely not create any liability except as set forth herein of the Company, and Customer agrees that the Company shall be exempt from all liability for loss or damages due directly or indirectly to Occurrences,

or consequences there from, which the Work/Systems are designed to detect or avert, and that if Company shall be found liable for loss or damages due to a failure of the Work/Systems in any respect and at any time (whether within the limited Warranty period or otherwise), its liability shall be limited solely to the greater of either the replacement or repair of any defective parts or components or refund of the purchase price of any defective part or component, or the sum of \$250 as liquidated damages which the Customer agrees is not a penalty, and the choice of which shall be in the sole discretion of the Company. As the Customer's sole and exclusive remedy, the provisions of this Section shall apply if loss or damage results directly or indirectly to person or property from the negligent performance, or failure to perform, of material obligations imposed by this Contract or upon the Company from negligence of any nature whatsoever, of the Company, its agents or employees. PROVIDED, FURTHER, THAT IN NO EVENT SHALL THE COMPANY BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES. IT IS SPECIFICALLY ACCEPTED, ACKNOWLEDGED AND UNDERSTOOD BY THE CUSTOMER THAT THE COMPANY DISCLAIMS THE IMPLIED WARRANTY OF MERCHANTABILITY AND ALL IMPLIED WARRANTIES OF FITNESS FOR ANY AND ALL PARTICULAR PURPOSES. CUSTOMER ACCEPTS, UNDERSTANDS AND AGREES: (i) THAT THE COMPANY MAKES NO WARRANTIES (OTHER THAN THE LIMITED WARRANTY SET FORTH HEREIN); AND (ii) THAT THE COMPANY MAKES NO WARRANTY AT ANY TIME THAT THE EQUIPMENT OR SERVICE SUPPLIED WILL AVERT OR PREVENT OCCURRENCES OR ANY CONSEQUENCES WHICH THE SYSTEMS ARE DESIGNED TO DETECT AND/OR PREVENT; AND (iii) THAT NO REPRESENTATIVE OF THE COMPANY HAS ANY ACTUAL OR IMPLIED AUTHORITY TO MAKE ANY ADDITIONAL WARRANTIES OF ANY NATURE WHATSOEVER OR OTHERWISE VARY THE TERMS OF THIS CONTRACT.

12. **GOVERNING TERMS AND CONDITIONS:** If any of the terms or conditions of Customer's Purchase Order form conflict with the terms and conditions of this Contract, then the terms of this Contract will absolutely control.

13. **MISCELLANEOUS:** The parties specifically agree: (i) that this Contract contains the entire understanding and final expression of agreement between the parties; (ii) that neither prior nor subsequent statements or representations of any kind by either the Company or the Customer shall be received in evidence in any hearing regarding this Contract or in any manner used to vary the terms set forth herein; (iii) that this Contract may be amended only in a writing duly executed by the parties; (iv) that no oral modification of this Contract shall be enforceable; (v) that this Contract shall not be assignable in part or in whole by the Customer except upon the prior written consent of the Company; (vi) that this Contract, in all respects, shall be governed and construed solely under the laws of the State of North Carolina; (vii) that venue for any proceedings regarding this Contract, whether in Court, arbitration or otherwise, shall be in Iredell County, N.C.; (viii) that Customer stipulates and consents that the Court sitting in Iredell County, North Carolina, shall have and shall exercise personal jurisdiction of Customer in any proceeding regarding this Contract; (ix) that this Contract shall be assignable in whole or in part at any time by the Company and by any assignee of the Company and subsequent assignees; Customer agrees to fully continue to perform all of the terms and provisions hereof with such assignees; (x) that Company shall not be liable for any additional expense, delay or other loss caused or contributed by conditions in the Work/Systems or at the Customer's job site which could not have been reasonably discovered upon an inspection by the Company prior to entering into this Contract; and (xi) that unless otherwise agreed to in writing by the parties, connections and availability to line voltages of 110v or higher are to be supplied and provided by Customer, as its sole responsibility and expense.

14. **CHANGES TO WORK/SYSTEMS:** Any changes to Work/Systems described in this Contract which would result in a change of billing of the amounts owed by the Customer MUST be previously approved in writing and duly executed by a representative of the Customer and Company and all sums due for the said changes paid to Company before any change shall be implemented.

15. **DAMAGE DURING INSTALLATION:** The parties agree that as the Company accomplishes Work/Systems, various components of the Work/Systems may become damaged or covered by the work of others during construction; in such event, then it shall be solely Customer's responsibility at its sole expense to immediately uncover and/or repair the Company's Work to enable Company to timely complete its Contract. The Company may cease all further Work until Customer fully complies with the terms of this Section and presents proof satisfactory to Company of such compliance.

16. **SEVERABILITY OF CLAUSES:** If any of the provisions of this Contract shall be determined to be invalid or unenforceable, the remaining provisions shall remain in full force and effect.

17. **HEADINGS:** The Section headings herein are inserted for convenience only and are in no way intended to describe, interpret, define or limit the scope or content of this Contract or any provision hereof.

18. **COUNTERPARTS:** This Contract may be executed in any number of counterparts, and it shall not be necessary for more than one party to execute any one counterpart, provided that each party shall have executed at least one counterpart. Faxed signatures shall constitute originals.

19. **TENSE AND GENDER:** Unless the context clearly indicates otherwise, the singular shall include the plural and vice versa. Whenever the masculine, feminine or neuter gender is used inappropriately in this Contract, this Contract shall be read as if the appropriate gender was used.

20. **BINDING AGREEMENT:** All of the terms and provisions set forth in this Contract shall be binding upon and inure to the benefit of and be enforceable by the parties hereto, their legal representatives, successors in interest, and assigns.

21. **TIME IS OF THE ESSENCE:** Time is of the essence as to all time-sensitive provisions herein.

22. **NOTICE:** All notices, requests, demands, claims, and other communications hereunder will be in writing. Any notice, request, demand, claim, or other communication hereunder shall be deemed duly given if it is sent by registered or certified mail, return receipt requested, postage prepaid, and addressed to the intended recipient as set forth below:

Executive Summary

The Town of Lewisville is building a new Community Center to serve the needs of the local community better. The community center will have a large multipurpose space that will be used for showing movies or hosting multiple meetings at the same time by various groups. Other spaces in the building with AV technology include conference and activity rooms and distributed sound for background music in the Entry and Gallery.

The following report represents ClarkPowell's recommendations to the Town of Lewisville for new audiovisual (AV) systems for these spaces. This report has been based on detailed needs analysis performed by Gary Bennett. The information contained herein describes turnkey AV solutions that will suit the needs of the client based on the system requirements.

Industry Affiliations / Charities

InfoComm

InfoComm International is the trade association representing the professional audiovisual and information communications industries worldwide. Established in 1939, InfoComm has more than 5,000 members, including manufacturers, systems integrators, dealers and distributors, independent consultants, programmers, rental and staging companies, end users and multimedia professionals from more than 80 countries.

PSNI

PSNI (Professional Systems Network International) is a one-of-a-kind solution network comprised of a select group of award-winning independently owned companies throughout North America. Collectively, the companies of PSNI generate in excess of \$1 Billion in annual revenue from locations throughout North America and supported by over 1900 employees nationwide.

NSCA

NSCA (National System Contractors Association) is the leading not-for-profit association representing the commercial electronic systems industry. The National Systems Contractors Association is a powerful advocate of all who work within the low-voltage industry, including systems contractors / integrators, product manufacturers, consultants, sales representatives, architects, specifying engineers and other allied professionals.

AQAV

AQAV (Association for Quality in AV Technology) is a non-profit organization that is dedicated to improving the operational art of designing and installing audio visual technology. Engineered audio visual systems continue to become more complex and difficult to integrate. By focusing on the quality management of these systems, and of those who design and install them, we can benefit the AV industry and all its stakeholders: including clients and users of AV technology, AV designers and installers, equipment manufacturers, related construction and architectural firms, and the environment.

NCTA

NCTA (North Carolina Technology Association) is focused on advancing the state's tech industry. NCTA has 750+ member companies, organizations and institutions representing more than 150,000 North Carolina based employees. NCTA brings together executives around the business of technology for peer interaction, educational programming, information share, relationship building and networking.

IFMA

Founded in 1980, IFMA is the world's largest and most widely recognized international association for facility management professionals, supporting more than 24,000 members in 94 countries. The association's members, represented in 130 [chapters](#) and 17 [councils](#) worldwide, manage more than 37 billion square feet of property and annually purchase more than US\$100 billion in products and services.

Susan G. Komen Breast Cancer

The Susan G. Komen mission is pretty simple: to save lives and end breast cancer forever. How they do it...well, that's a bit more complex. They educate, support research, offer grants that provide financial and emotional assistance and advocate for better breast cancer policy.

Training and Accreditation

APEX Provider

As an APEX (Audiovisual Provider of Excellence) company, ClarkPowell meets or exceeds the requirement set forth in ANSI/INFOCOMM standards. As an APEX company we are recognized for providing the highest levels for system design, installation and service. There are currently less than fifty companies nationwide that have earned the APEX designation.

Certified Technical Specialist (CTS)

A Certified Technology Specialist (CTS) performs general technology solution tasks by creating, operating, and servicing AV solutions as well as conducting AV management activities that provide for the best audiovisual resolutions of the client's needs, both on time and within budget.

Certified Technology Specialist — Installation (CTS-I)

A Certified Technology Specialist — Installation (CTS-I) installs and maintains audiovisual systems by following specifications, schematics, codes, and safety protocols; administering installation process logistics; troubleshooting and problem-solving systems; maintaining tools and equipment; and communicating with clients, designers, other trades, installers, and staff to provide the best audiovisual solutions for client needs, on time and within budget.

Certified Technology Specialist — Design (CTS-D)

A Certified Technology Specialist — Design (CTS-D) is an AV systems designer who assesses client's needs, designs AV systems, prepares AV design documents, and coordinates and collaborates with other professionals to create AV systems that satisfy clients' requirements.

Manufacturers' Certifications

ClarkPowell technicians maintain manufacturer certifications from these and other AV component suppliers.

Key Technical Personnel Qualifications Summary

Mike Parks, CTS Mike is our Director of Technical Operations. He began his AV career in 1985, working his way up from Service Tech to Service Manager for a nationwide telecom company in the United Kingdom. He held various roles for a Fortune 500 company with operations around the world, including Head of Multimedia Operations, Director of Engineering and Head of Multimedia Production. Mike started with ClarkPowell in 2013 and brings with him a wealth of experience in operations, engineering, system design and customer-focused service. Mike was instrumental in the founding of the AV User Group, whose membership comprises senior corporate decision makers from Fortune 500 companies, with chapters in the UK and more Tech

System Designers

Our system designers remain up to date with the latest audiovisual technologies, recommend the equipment most appropriate for your system, create schematic drawings, program control systems, and interface with all of our project managers and site technicians to ensure that end-product results are consistent with design intent. Our system designers are all highly experienced in providing system design and are assigned to projects that best match their diverse professional knowledge (audio, presentation, or broadcast systems, to name a few).

Bob "Cos" Carswell A ClarkPowell employee since 1985, "Cos" is a senior designer with strong knowledge of complex AV distribution and routing systems. He has designed video front ends for sports applications; video production projects for government, worship, and corporate entities; large scoreboard systems for arenas; network operations centers for traffic control / EMS; and video production / distribution for corporate communications, medical training, and higher-education facilities. Cos is a Crestron DMC-D DigitalMedia Certified Designer.

David Mattix, CTS-D Coming from a strong audio background, David began working for ClarkPowell in 2009. Before transitioning into the AV business, he worked as a recording engineer in Los Angeles for five years. He is specialized in Biamp and Polycom, as well as Crestron DM systems. David is Biamp certified and a Crestron DMC-D (DigitalMedia Certified Designer), with an audio degree from Full Sail University.

Mark Skiver, CTS-D With a Navy electronics background, Mark came to ClarkPowell in 1988. As a system designer, he has devised a wide scope of video production and AV projects. Large projects have included medical training facilities, houses of worship, higher-education studios and classrooms, corporate video-production facilities, and government/military sites. Mark is a Crestron DMC-D (DigitalMedia Certified Designer) and a Syn-Aud-Con Audio Technician.

Steven “Woody” Woodard, CTS-I “Woody,” with ClarkPowell since 2007, is a system designer with a strong installation background. He has been in the AV industry since 1997 and has gained extensive experience with a wide variety of systems, including network operations center video-wall applications, videoconferencing and teleconferencing systems, and auditorium/meeting-room applications for commercial and government agencies. Certifications include Extron Certified A/V Associate, Extron Certified Control Associate, Clear One Certified Technical Specialist, and Clarity Qualified Service Technician.

Tyrone Wilson, CTS Tyrone joined the AV industry in 2001 and over the next 14 years he assumed roles as an A/V Consultant and Systems Designer in the Atlanta and D.C. area markets. During this period he was primarily focused on AV Design and Engineering for clients in the sports & entertainment industry, the corporate arena, higher education and U.S. Government markets. Tyrone also holds a Crestron DMC-E-4K (DigitalMedia Certified Engineer) certification.

Project Managers

Project managers are the key point of contact for clients and other trades involved with installation. They manage all technical aspects of a project — from notice to start all the way through to final approval and confirmation that the job is completed to the customer’s satisfaction. Our project managers handle all projects in NC and SC, and are highly experienced in working with all of our teams on a variety of project types.

Phil Goodman With a Navy electronics and construction background, Phil began employment with ClarkPowell in 1997. His system strengths include video systems for worship, medical training, and government applications, as well as videoconferencing for corporate entities. In addition, Phil is an experienced on-site- and bench-repair technician.

Richie Griffith After entering the technology industry in 1999, Richie honed his skills in business and project management, cutting his teeth first as a technician in data center integration. After moving to the role of project manager, Richie oversaw large scale data, AV and broadcast integration projects, and later served as a contractor/consultant managing multimillion-dollar low-voltage projects for Homeland Security, Washington D.C. Transit Authority, Fox News, NASCAR and Sirius Satellite Radio. In 2012, Richie made ClarkPowell his permanent home. He is also Crestron DMC-T certified.

Lance Malaney, CTS Began his AV career in 1991 working in the Government VTC arena including projects for the Dept. of Energy, Social Security Administration, IRS, Army, Air Force, and other government agencies across the continental US. During his career Lance worked as a Lead Technician, Installation and Service Manager, and in the Engineering and Proposal departments. Lance became part of the ClarkPowell team in 2015 as a Project Manager.

Jeff Smith, CTS-D Jeff Started working in Audio Visual in 1987 when he worked as a Combat Camera and Documentation Specialist as a member of the United States Air Force. Since then he has worked on a wide variety of projects from broadcast television through to sporting arenas and large houses of worship. He started his AV career as an installation technician and has been a project manager for the last several years making ClarkPowell his home in 2017.

Programmers

Programmers hold vendor certification in the design and programming of control systems. Our programmers are based to provide complete coverage in NC and SC. With the wide range of clients in our market area, our programmers are highly experienced in working to provide complete satisfaction while interfacing with the rest of our project teams.

Dave Lynn In 1986, Dave entered the world of AV, running staging operations for corporate events in hotels and convention centers. In 2002, he began developing user interfaces and control systems for residential and corporate environments. Dave came to ClarkPowell in 2011 and expanded these skills for audio/video teleconferencing systems and multimedia presentation systems, higher-education and corporate institutions. Certifications include Certified Crestron Control System Programmer, Microsoft MCSE, Exchange Server MCP A+ Certified, and Crestron DMC-D (DigitalMedia Certified Designer).

David Montgomery, Crestron Gold Master Programmer Before coming to ClarkPowell in 2012, David kicked off his career in professional AV after earning his Associates Degree, Electronic Engineering in 1995. After concentrating in audio applications, he transitioned into systems control programming in 2000. David also holds AMX-ACE and Crestron DMC-E certifications.

Greg Soli Greg entered the AV industry in 1998 as an installation technician/programmer for Innovative Systems, a high-end residential integration firm in Charlotte, NC. He quickly climbed the ladder and became the head of the programming department where he designed and programmed control systems for luxury homes. Greg maintained his role in the residential market until joining Clark-Powell in 2016. Greg's certifications include Crestron Level 3 Programming, Crestron DMC-D-4K, Microsoft MCSE, Microsoft MCDBA.

Video Network Specialist

Jim Pinch Upon being hired in 1997 as a video network specialist, Jim was already a seasoned computer technician, having started his career in 1978. He has an extensive computer, networking, and AV conferencing background. His strengths include video-across-networks and digital signage applications. He is a Polycom- and Cisco-certified technician for ClarkPowell-represented products.

Technical Services Manager

Michael Sorenson Michael earned his Bachelor of Science in Accounting from UNC-Greensboro in 1997. He started working for Clark Powell in 2009 new to the AV industry. Utilizing previous experience in event productions he learned the ropes quickly. Soon after he was promoted to Lead installer and was successful in leading high value projects for the company. Due to Michael's proven skills at organization and logistics, Michael became the Technical Service Coordinator in 2014, coordinating our installation teams, project managers, engineers, and service technicians throughout the Carolinas.

Service and Quality Assurance Coordinator

Brian Koopman, CTS has specialized in managing high value audiovisual projects since 2010. Brian received his Bachelor of Science in Business Administration from Greensboro College in 2010. He earned his Certified Technology Specialist (CTS) certification in 2013, then obtained an Electronic/Communication Service (ESC) Contracting License and a Contractor Class A License for Virginia in 2015. In 2016 he moved into a Technical Account Manager position for a SWaM certified micro business located in northern Virginia. Brian is responsible for tracking all of our warranties and Service Contracts, scheduling preventative maintenance visits and overseeing our Quality Assurance program.

Prebuild Manager

David Hunter David is an Expert in Control Room and Rack Integration with 15 years of experience ranging from Multi-Media Presentation and Video-teleconferencing to Video Production Systems. David heads our prebuild department ensuring quality rack construction, commissioning and testing. This approach means that on-site installation is kept to a minimum and our racks arrive at our client's sites ready to plug in and go. David is also certified in Crestron-DMC-T, and Extron Control Systems.

Resource Estimator

Brandon Boseman, CTS Brandon has been working in the AV industry since 2000. Starting as a technician he worked his way to project management in 2005. AV design has always been interesting to Brandon so eventually he transitioned into engineering and estimating. Brandon holds DMC-T, Cisco, Polycom, and Extron certifications and holds secret security clearance with the Department of Defense.

CAD Designer

Richard Kessinger, CTS Richard is an Autodesk trained CAD draftsman, with seven years of audiovisual industry experience in the Washington DC area. Richard relocated to North Carolina after joining Clark-Powell in 2015 to head up our Drafting team.

Post-Production Specialist

Warren Baker Warren has been with Clark-Powell for 16 years. He is an Avid Certified ACSR with certifications in Media Composer and Shared Storage, and is our Tricaster and Broadcast Pix specialist. Warren focuses on providing our clients with end to end media capture, production, graphical overlays, storage and distribution networks infrastructure.

System Installers and Service Technicians

System installers install, configure, integrate, and test completed systems according to specified system diagrams. After installation, they provide end-user training. Our system installers provide complete coverage in both NC and SC, and interface with all other members of our project teams to insure quality and continuity. Our install team participates in manufacturer, company-provided, and industry training to remain up-to-date on products and technological advances.

Industry Accepted Standards

Display Size Recommendations

ClarkPowell adheres to the International Communications Industry Association (ICIA) guidelines for proper display viewing when working with clients on a system design. These guidelines (based on actual physics) are meant to give end users a clear understanding of what type of performance they can expect from their display systems. The following criteria are based on the various sizes of displays that the client may need for the systems.

Proposed Screen / Display	Screen Viewing Height	Maximum Viewing Distance For Spreadsheets / Web-sites	Maximum Viewing Distance For PowerPoint	Maximum Viewing Distance For Video Applications
220 in. Diagonal Screen 16:10	~115 in.	~36 ft.	~54 ft.	~75 ft.
165 in. Diagonal Screen 16:10	~87 in.	~29 ft.	~43 ft.	~58 ft.
123 in. Diagonal Screen 16:10	~65 in.	~22 ft.	~33 ft.	~44 ft.
113 in. Diagonal Screen 16:10	~60 in.	~20 ft.	~30 ft.	~40 ft.
109 in. Diagonal Screen 16:10	~57.5 in.	~19 ft.	~29 ft.	~39 ft.
94 in. Diagonal Screen 16:10	~50 in.	~17 ft.	~25 ft.	~34 ft.

Areas of Work

Scope of Work

The following requirements are directly reflected in the pricing supplied by ClarkPowell. Any deviation from these system requirements either in equipment specification or functionality would require a pricing adjustment.

Multipurpose Room

The Multipurpose Room (MPR) is a large divisible space that could be divided into three separate rooms, each capable of operating independently to support three simultaneous meetings. Each meeting space will be supported by a ceiling mounted laser projector and electric projection screen for displaying laptop presentations. Wireless microphones and a sound system will be installed for both laptop program audio and voice reinforcement. Each room will have an independent touch panel for controlling the AV equipment.

Projector: A ceiling mounted 6500 lumens; laser projector will be installed in the center MPR meeting room. This Sony high-definition (1920x1200) laser projector is low-maintenance (20,000-hour laser) and has a large installation base with proven track record for performance and value.

Projection Screen: A Da-Lite ceiling recessed electric 87" high, 16:10 projection screen will be installed in the middle room. The image size is designed to view website or excel spreadsheet content at 29'. The projection screens case will reside above the drop-ceiling. The Matt White screen will be lowered by the touch panel controller located in each room.

The left and right side rooms will have an 86" Commercial grade display that can show the same content as the middle room or can be divided into separate rooms and show their own content.

Laptop Connectivity: Each of the MPR rooms will have a wall-mounted HDMI laptop input connection plate installed at outlet height. The laptop connection plate is usually located on the front wall in the center of the room. The exact location will be determined by the client's preference. The connection plate will accept a laptop signal from both HDMI and VGA sources.

Wireless presentation: A Barco CClickshare will be added for wireless presentation in the MPR. It can be routed to any of the three rooms.

Wireless Microphone: Each MPR room will have a wireless handheld or wireless lapel microphone for usage during a divided room presentation. This approach gives the guest speaker the choice of wearing either a wireless lapel microphone or holding a traditional handheld wireless microphone during their presentation. The lapel and handheld wireless microphone cannot be used at the same time in a divided room session.

In a large, combined room meeting, any combination of three wireless microphones can be used simultaneously. For example, a guest speaker could wear the lapel wireless microphone and pass-around two handheld wireless microphones for public comment or questions.

Wall-Mounted Speakers: Each MPR room will have two wall-mounted 8” speakers for program audio. Program audio includes laptop or DVD audio. These speakers are designed to offer a high frequency response for high quality audio applications. The surface mounted speakers will work in conjunction with the ceiling mounted subwoofer speakers to offer a full-range sound experience during a movie night or for program audio such as music or videos that might be played from the internet.

Ceiling Speakers: ClarkPowell will install four ceiling speakers MPR Room #2 and #3. Six ceiling speakers will be installed in Room #1. These ceiling speakers will provide even coverage and high voice intelligibility for a guest speaker using a wireless microphone.

Touch Panel Controller: Each MPR room will have a wall mounted Crestron touch panel controller. The touch panel will simplify the usage of the AV system. For example, power cycling AV gear, raising/lowering the projection screen will be accomplished by a simple button press. ClarkPowell will work directly with the Town of Lewisville to provide an easy-to-use layout that meets the client’s needs for this multi-purpose space.

Conference Room

A 75” Sony commercial wall mounted 4K display will be installed in the conference room with a Barco Click Share Conference and wall mounted USB camera and microphone. The AV system will allow USB conferencing meetings such as Zoom or Webex calls to take place from a laptop located at the conference table without wires. The AV system will support wireless presentations from a laptop or personal device such as a tablet, ipad or Apple/Android phone.

Activity Room

The activity room may be used to host different activities such as community groups, yoga or art classes. The AV system for this room will include a head worn wireless microphone which will be used for voice reinforcement. A Sonos streaming media player will be installed to allow music playback from a phone or personal device.

There will also be a 75” TV with a hardwired HDMI connection. The audio from the TV can feed the room.

Distributed Sound

Music will be distributed throughout the Entry and Gallery. The system will include (DSP) Digital Signal Processing, amplifiers and ceiling speakers which will allow for independent music zones in the Entry and Gallery areas. The Sonos system will allow music from a phone to be played through the system.

Optional Systems

2. Exact Furniture PM-400 30" Wide Lectern: \$2,555.00 (includes installation)

Standard Warranty

ClarkPowell will repair any defect in the system directly related to the installation services provided by ClarkPowell for a period of 90 days after the completion of the project installation. This standard warranty does apply to the equipment that makes up the system. Each piece of equipment in the proposed system will carry a standard manufacturer's warranty the details of which will be provided by ClarkPowell within the system documentation. Optional preventative maintenance and service contracts are available from ClarkPowell and highly recommended for optimum performance of your system.

Assurance Program

In addition to the standard warranty mentioned above ClarkPowell offer additional coverage through our Assurance program. Most of the components in your system(s) come with a standard warranty when purchased from the manufacturer. Our Assurance program supplements these warranties to provide you with comprehensive coverage to the entire integrated system. The Assurance contract extends the features of our standard system warranty while also providing for your additional service needs by offering:

- Unlimited technical support
- Priority status *
- Guaranteed response time
 - Phone support within four hours
 - On-site support within 24 hours
- Utilizes certified technical support staff
- No cost surprises

* During normal business hours, Monday thru Friday, excluding holidays.

We offer the first year's coverage at a reduced rate. We will also extend this reduced rate to a second year if you purchase this option at the same time as the first year. Periodic scheduled maintenance visits can be added to the Assurance program for a modest additional cost.

Overview of Responsibilities

ClarkPowell scope of work for the contents and functions of the AV system have been described above. The following outlines other project related tasks and responsibilities required to make this project successful.

Additional Client Responsibilities

- Town of Lewisville will provide any needed laptops, PC workstations, wireless keyboard/mouse, desktop monitors or gaming systems (including any proprietary gaming cables) needed for the AV systems.
- Town of Lewisville will allow sufficient installation time for ClarkPowell to professionally complete the A/V systems.

- Town of Lewisville will provide a secure & lockable facility prior to any AV equipment being brought and left on site. (It is preferred that a secure AV staging area be provided during the on-site integration period.)

Other Notes

ClarkPowell's standard operations hours are 8:00am to 5:00pm Monday – Friday. After hours and weekend work may be requested by the Town of Lewisville, but would need to be priced separately on a case by case basis.

Payment Terms

ClarkPowell's Standard System Payment Terms are as follows:

1. ClarkPowell will require a hard copy of a Purchase Order to commit to this project. Please refer to our proposal E214.GB when drafting your Purchase Order. The issuing of a purchase order against our referenced quotation constitutes acceptance by the customer of the ClarkPowell's Terms & Conditions below.
2. Invoices are due NET 20 Days from the invoice date.
3. ClarkPowell accepts Visa, MasterCard, American Express credit card orders. Credit card orders are subject to a 3% processing fee which will be added to the above total on the final invoice. Credit card orders are limited to \$10,000.00.
4. A 30% deposit will be required within 10 days of the receipt of [Customer Name] Purchase Order before ClarkPowell can begin ordering any equipment.
5. ClarkPowell may invoice up to 95% of the sales price when the project is deemed to be substantially complete by ClarkPowell.
6. Freight is prepaid by ClarkPowell and added to the customer's invoice.
7. Any equipment returned by Town of Lewisville after ClarkPowell has received said equipment will be subject to restocking and shipping charges as determined by ClarkPowell's supplier.

Terms and Conditions

Throughout the remainder Town of Lewisville shall be referred to as the Customer.

1.0 Exclusions

The system described in this proposal is a complete, working system and includes all equipment, materials, and labor to produce a complete and operational system as specified in this proposal with the exceptions as noted below. The following goods and services will need to be provided by others;

- a) The electrical power system necessary to power the listed equipment (including but not limited to: conduits, raceways, pull boxes, junction boxes, outlet boxes, wiring, conductors, breaker panels, transformers, etc.).
- b) The empty conduit system (including conduits, junction boxes, outlet boxes, raceways, etc.) into which the cabling for the audio, video, and control systems.
- c) Any required floor penetrations and poke through devices for access between floors of the building.
- d) Any required wall penetrations through firewalls or fire treated barriers required by the audio-visual equipment installation.
- e) Ceiling, ceiling tiles, or ceiling tile grid repair after the installation of audio visual equipment by ClarkPowell.
- f) Any sheetrock sanding, priming, painting or repairs required.
- g) Any modifications to the structural, mechanical, electrical, and plumbing systems or movement of obstructions in the walls, floors, or ceilings.
- h) All analog and digital telephone lines required by any audio conferencing units included in this proposal.
- i) ClarkPowell will work with the Client to coordinate the transmission lines and network interfaces requirements for these systems.
- j) Any data or network connections required external to the designed audio visual.
- k) Network connections and cabling systems required by computers of being used as part of these systems.
- l) The building structure to which the AV Devices will be mounted.
- m) Any operators' consoles, cabinetry, credenzas, lecterns, or other furniture in which audio/video equipment will be mounted not specifically listed in this proposal.

2.0 Owner Furnished Equipment (OFE) and Software Provided by the Customer

- a) ClarkPowell will use its best effort to utilize existing OFE for use in this project. In the event that the OFE is determined to be unusable for this purpose, ClarkPowell will notify the Customer and propose alternative solutions.
- b) ClarkPowell assumes no liability or risk of loss for OFE or data contained therein.
- c) ClarkPowell assumes no liability for existing software or "code".
- d) ClarkPowell will use its best effort to utilize and modify existing software or "code" provided by the Customer for use in this project, provided the code in question is the exclusive property of the Customer, and is not subject to any licensing agreement.
- e) In the event that this software or code is determined to be unusable for this purpose, ClarkPowell will notify the Customer.
- f) During the installation, all OFE and software (including Customer furnished computers, Blu-ray players, satellite and CCTV systems, etc.) that will be incorporated into the system must be available for ClarkPowell technicians to set up the system properly. Failure to have this equipment available during the installation will result in additional charges.

3.0 Documentation and Software

ClarkPowell will provide the following documentation upon completion of the job:

- a) System wiring drawings
- b) Equipment serial number lists
- c) Control system programming code (source code)
- d) Equipment operation manuals
- e) ClarkPowell software programmers provide code on a "works made for hire" basis and as such the final ownership of the source code transfers to the Client upon completion and receipt of final payment.

4.0 Engineering Design

The conceptual design process (paid or unpaid) for Audio Visual systems is complex, and it is not uncommon for designs to change just prior to installation. In the event that changes need to be made to a system designed and supplied by ClarkPowell, ClarkPowell will work with the client to insure that the finished system is completed to the standard intended in the conceptual design. In the event that the client uses a ClarkPowell design, to either engage a third party to supply equipment, or to provide a turn-key solution, ClarkPowell is not liable for any inaccuracies or oversights contained in the design.

5.0 Site Conditions

The minimum acceptable condition of the project site for the installation of the electronic equipment in the proposal is as follows;

- a) The rooms into which the equipment will be installed must be dust-free with floor, ceiling, and wall finishes to be completely installed. Wall repairs that require ClarkPowell to de-install equipment and re-install after the 3rd party is complete may require a change order for the additional labor expended.
- b) The rooms into which the equipment will be installed must be lockable & secure.
- c) Electrical power, conduit systems, and HVAC systems for the equipment should be fully installed, energized and inspected prior to ClarkPowell installing any equipment.
- d) OFE furniture into which components of the equipment will be installed should be present. All cabinets and closets housing equipment having locking doors.
- e) All phone, modem, PRI, data, LAN, and telecommunications connections are installed, live and tested.

6.0 Schedule

ClarkPowell understands that time is of the essence for this project. We will use our best efforts in coordination and communication to ensure that your timetable is met. However, there are many factors outside of our control that may impact this schedule such as the manufacture and delivery of equipment from our vendors. ClarkPowell will communicate to the Client as soon as an issue is discovered that may impact the Client's schedule and discuss work-arounds or alternates as appropriate.

As your timetable changes, we will make every effort to accommodate your new schedule, but ClarkPowell makes no guarantee that an installation crew will be available on the revised installation dates.

- a) We require a minimum of five (5) working days' notice as to a revision of schedule dates that will change the time that a crew is required on-site. Notification of a change in schedule with less than 5 days' notice may result in additional charges for non-utilized labor. Unless otherwise specified in the proposal:
- b) This pricing in this proposal is based on the work being done at non-overtime rates during normal business hours.
- c) Normal business hours are defined as 8:00am – 5:00pm, Monday through Friday excluding holidays.
- d) Any work required outside of this timeframe will result in overtime charges unless specifically noted in the proposal pricing.

7.0 Training

ClarkPowell personnel will train the Client's personnel in the proper setup and operation of the systems supplied by ClarkPowell as well as providing basic written instructions. A maximum of two (2) hours of training at each location is provided, unless otherwise noted in the proposal.

8.0 Invoicing and Payment

- a) Customer will remit an initial deposit of 30% (noted as 40% above in Payment Terms) of the above total at the time of execution of this contract.
- b) Thereafter, ClarkPowell will submit a monthly invoice on or about the 5th of each month showing all equipment delivered and services rendered during the preceding month. The monthly invoice will also include materials suitably stored at our office during the staging process. Customer agrees to remit payment by check or wire transfer for such invoices within twenty (20) days from the invoice date. Customer agrees to pay a finance charge equal to 1½% per month on all invoices not paid timely. In the event that ClarkPowell employs an attorney to collect unpaid amounts, Customer agrees to pay all reasonable legal fees and costs incurred by ClarkPowell in such action.

9.0 Restocking Fees

Any equipment ordered as part of this proposal that is returned to ClarkPowell or where delivery is cancelled by the Customer will be credited back to the Customer less any restocking fees and return freight and handling charges. In some cases, due to manufacturer's or supplier's policies, equipment cannot be returned and will not result in a credit to the Customer.

10.0 Acceptance

Acceptance of this proposal by the Client is subject to customary credit review. The pricing and other terms set forth in this proposal are good for a period of 30 days from the date of this letter.

11.0 Standard Warranty

- a) ClarkPowell warrants that our installation services will be free of defects in workmanship and materials for a period of 90 days. This warranty period will begin at the earlier of the completion of installation or the first substantial use of the equipment.
- b) Travel expenses to and from the site are not included as part of this warranty. In addition, the equipment may be subject to manufacturers' limited warranties varying in length from ninety days to one year.
- c) These warranties do not apply in the event of misuse, neglect, accident, or operational errors. Charges for the removal and re-installation of equipment will be additional. Any work performed by ClarkPowell outside of the scope of these warranties or performed on OFE equipment will be separately charged.
- d) No other representation, warranty, or guarantee, express or implied, is included in this proposal including implied warranties of fitness for a particular purpose or merchantability. In no event shall either party be liable for any special, indirect, consequential, incidental, or punitive damages.
- e) Owner Furnished Equipment (OFE) - Unless separate accommodations have been discussed, agreed and documented prior to the installation, ClarkPowell does not warrant any OFE. If, during the 90 day ClarkPowell warranty, a service call is responded to where the root cause is attributed to OFE ClarkPowell will advise the Client that the equipment is at fault, and will charge time and materials for the service visit. The Customer may then contact the original supplier for service, or can engage ClarkPowell to remedy the fault on a time and materials basis. Additionally, if ClarkPowell's attendance on-site is required to assist any 3rd party in investigating a fault of their supplied equipment, ClarkPowell will charge the Customer for time and materials.
- f) OFE equipment will be identified at the point of installation with an 'OFE' security sticker on the rear of the equipment. This is to aid identification in the event of a service issue.

12.0 Independent Contractor Relationship

ClarkPowell and the Client are contractors independent of one another and neither party's employees will be considered employees of the other party for any purpose.

13.0 Confidentiality

- a) The information furnished in this proposal and any related design information is the confidential and proprietary information of ClarkPowell and is provided for the purpose of assisting you in evaluating this proposal. This information remains the property of ClarkPowell and is not to be distributed outside of your company without written permission from ClarkPowell and payment for our design and engineering time expended to date.
- b) Either party will not furnish, use, or divulge to any individual, firm, corporation, or other entity, any proprietary or confidential information of the other party.

14.0 Non-Solicitation

During the term of this agreement and for a period of one year after completion of services, Customer will not hire or directly or indirectly recruit, induce, or solicit any employee or contractor of ClarkPowell for employment with any other person or entity.

15.0 Force Majeure

Other than payment of amounts due herein, neither party shall be responsible for delays or failures that arise due to circumstances beyond its reasonable control.

16.0 Critical Spare Equipment

Critical equipment like spare projector lamps should be purchased and maintained on-site for use as needed to minimize downtime in the event of failure. We also recommend purchasing extended manufacturer warranties on critical system components to help flatten out operating costs and help with turn-around time on depot level repairs. Please consult with your Account Manager to include these figures in your base proposal.

TOWN OF LEWISVILLE RESOLUTION 2021033
DECLARING SURPLUS ITEMS AND AUTHORIZING THE ELECTRONIC AUCTION OF
SURPLUS PERSONAL PROPERTY

WHEREAS, Town Council of Lewisville desires to declare property surplus and to dispose of said property of the Town in accordance with North Carolina General Statutes 160A-266(c) and Town Code Chapter 14; and

WHEREAS, North Carolina G.S. 160A-270(b) allows the Town to sell surplus personal property at public auction upon adoption of a resolution or order authorizing the appropriate official to dispose of the surplus property at public auction; and

The contractor has signed the Town's Hold Harmless Agreement which shall be a part of this document.

TOWN OF LEWISVILLE CONTRACT

Industrial Vacuum Services, Inc.-Stormwater Detention System Cleanout

Part 2

6 Scope of Contract:

- 6.1 Effective Date - This Contract shall become effective on the day of execution.
 - 6.2 Term - The term of this contract shall be from date of execution and end June 20th, 2021.
 - 6.3 Contract Extension -The parties agree that by mutual consent, each expressed in writing and received at least ten (10) day(s) before the termination contract period, that this Contract may be extended for an additional day upon the same terms and conditions as set forth in this Contract.-
 - 6.4 Exclusive Right -The Town, as grantor, does not grant the Contractor, as grantee, the exclusive right during the term of this Contract to be the Town's Contractor for storm drain services.
 - 6.5 Compliance with Applicable Laws -The parties to this Contract agree that the laws of the State of North Carolina shall govern the validity, construction, interpretation, and effect of this contract. The Contractor shall conduct the specified renovation as provided for by this Contract in compliance with all applicable federal, state and local regulations and laws including the OSHA standards set and enforced by the Department of Labor. This Contract and the work to be done as described herein is also subject to the provisions of all pertinent municipal ordinances which are hereby made a part hereof with the same force and effect as if specifically set out herein.
 - 6.6 Bankruptcy -"Insolvent" for the purposes of this clause shall mean the party's inability to pay its debts as they mature.
 - 6.6.1 The party's insolvency, or voluntary or involuntary bankruptcy, shall not constitute prospective unwillingness and/or inability to perform nor a repudiation of this agreement unless the party fails to give a timely and adequate assurance of its ability to perform. Until such assurances are received, the demanding party may suspend, if commercially reasonable, any performance due upon its part unless already paid for. If a party is unable to give adequate assurance, the other party may terminate the Contract with ten (10) days written notice. Assumption of this Contract by a bankrupt debtor's trustee shall initially give rise only to a reasonable sense of insecurity and shall not operate as an automatic repudiation, prospective unwillingness to perform, or a breach of the Contract where the Contractor is in the process of voluntary or involuntary bankruptcy.
 - 6.6.2 The Town shall not be bound to the contract by an insolvent Contractor's trustee or receiver.
 - 6.6.3 In the event of the Contractor's bankruptcy, the Town will have the same remedies as provided for Breach of Contract.
 - 6.7 Breach of Contract -If the Contractor fails to comply with applicable Federal, State, or Local Laws or regulations the Contractor will be in default and the Town may immediately terminate the Contract without notice. The Town may seek any or all remedies available at law or in equity. If the Contractor fails to perform, or fails to perform in a satisfactory manner, or to perform in accordance with applicable ordinances, its obligations hereunder, the Town shall have the right to demand in writing adequate assurance from the Contractor that steps have been or are being taken to rectify the situation. Within ten (10) days of receipt of such demand, the Contractor must return to the Town a written statement that explains reasons for nonperformance, or delayed, partial or substandard performance during that period and any continuation thereof. Upon receipt of the Contractor's statement or the failure of the Contractor to submit one, the Town may, except under conditions of Force Majeure, terminate this Contract and, shall have any and all remedies available at law or in equity.
 - 6.8 Force Majeure
 - 6.8.1 Neither the Contractor nor the Town shall be liable for the failure to perform their duties nor for any resultant damage, loss, etc., if such failure is caused by a catastrophe, riot, war, governmental order or regulation, strike, fine, accident, act of God or other similar contingency beyond the reasonable control of the Contractor or Town.
 - 6.8.2 If such circumstances persist for more than ten (10) days or if after their cessation the Contractor is unable to render full or substantial performance for a period of ten (10) days, he or the Town may terminate this Contract upon giving not less than twenty (20) days written notice to the Town.
-

TOWN OF LEWISVILLE CONTRACT

Industrial Vacuum Services, Inc.-Stormwater Detention System Cleanout

Part 2

- 6.9 Arbitration and Award -Any controversy or claim arising out of or relating to this agreement, or breach thereof, shall be settled by arbitration in accordance with the rules of the American Arbitration Association by arbitration in Forsyth County, North Carolina. Judgment upon the award rendered by the arbitrators may be entered in any court having jurisdiction thereof.
- 6.10 Assignment of Contract -No assignment of this Contract or any right accruing under this Contract shall be made in whole or in part by the Contractor, directly or indirectly by sale of stock of the Contractor to an entity unrelated to the Contractor, or other device, without the express written consent of the Town, which consent shall not be unreasonably withheld. The delegation of any Contract duties will require the written consent of the Surety as such a delegation will not relieve the Contractor or his Surety of any liability and/or obligation to perform. In the event of any delegation of duty, the delegate shall assume full responsibility and liability for performance of that duty without affecting the Contractor's liability.
- 6.11 Change of Ownership -In the event that the Contractor's business assets are sold, without the written consent of the Town, the Town maintains the right, to terminate this agreement and, to hold the original owner solely liable. If, however, the Town determines, in its sole discretion, that the new ownership can adequately and faithfully render the services called for in this Contract for the remaining term of the Contract, then the Town may elect to execute a novation, allowing the new ownership to assume the rights and duties of this Contract and releasing the previous ownership of all obligation and liability. The new ownership would then be solely liable for any work and/or claims attendant to this agreement.
- 6.12 Waivers:
- 6.12.1 A waiver by either party of any breach of any provisions hereof shall not be taken or held to be a waiver of any succeeding breach of such provision or as a waiver of any provision itself. No payment or acceptance of compensation for any period subsequent to any breach shall be deemed a waiver of any right or acceptance of defective performance.
- 6.12.2 Where the condition to be waived is a material part of the Contract such that its waiver would affect the essential bargains of the parties, the waiver must be supported by consideration and take the form of a Contract modification as provided for elsewhere in this section.
- 6.13 Illegal and Invalid Provisions -Should any term, provision or other part of this Contract be declared illegal it shall be excised and modified to conform to the appropriate laws or regulations. Should any term, provision or other part of this contract be held to be inoperative, invalid or unenforceable, then such provision or portion thereof shall be reformed in accordance with applicable laws or regulations. In both cases of illegal and invalid provisions, the remainder of the Contract shall not be affected but shall remain in full force and effect.
- 6.14 Joint and Several Liability -If the Contractor is comprised of more than one individual, corporation or other entity, each of the entities comprising the Contractor shall be jointly and severally liable.
- 6.15 Binding Effect -The provisions, covenants, and conditions in this Contract apply to bind the parties, their legal heirs, representative, successors, and assigns.
- 6.16 Amendment of the Contract -No modification or amendment of the terms hereof shall be effective unless written and signed by the authorized representatives of all parties entitled to receive a right or obligated to perform a duty under this Contract. A signed original is to be fastened to the original Contract with signed copies retained by all the parties.
- 6.17 Merger Clause: Previous Agreements Suspended -This agreement constitutes the final and complete agreement and understanding between the parties. All prior and contemporaneous agreements and understandings, whether oral or written, are to be without effect in the construction of any provision or term of this Contract if they alter, vary or contradict this agreement.
- 7 Safety of Workers and Accident Exposure:
-

TOWN OF LEWISVILLE CONTRACT

Industrial Vacuum Services, Inc.-Stormwater Detention System Cleanout

Part 2

- 7.1 The Contractor is expected to comply with OSHA standards as they may apply to the Contractor's execution of the requirements of this Contract.
- 7.2 The Contractor shall provide to the town a copy of employee safety policies and procedures.
- 7.3 The Contractor's employee safety policies and procedures must provide for adequate protection of all employees performing duties as a part of this Contract and adequate safety of other individuals at or near the work area.
- 7.4 The Contractor shall conduct its own "frequent" and "regular" inspections at the job site for compliance with its safety program and pertinent OSHA regulations.
- 7.5 The Contractor shall provide in all subcontracts that each subcontractor and their subcontractors strictly adhere to all safety standards, rules, and OSHA regulations pertinent to the type of work being performed.
- 7.6 The Contractor shall provide in all subcontracts that each subcontractor and their subcontractors develop a safety program for work covered by the subcontract.
- 7.7 The Contractor shall provide in all subcontracts that each subcontractor and their subcontractors conduct their own "frequent" and "regular" inspections at the job site for compliance with its safety program and all pertinent OSHA regulations.
- 7.8 The Contractor shall include the following statement in subcontracts: "Subcontractor shall, at its own expense, strictly adhere to all pertinent safety standards, rules and OSHA regulations required or recommended by governmental or quasi-governmental authorities having jurisdiction. The Subcontractor hereby acknowledges that it has its own safety program for all work covered by or performed under this Subcontract. The Subcontractor agrees to conduct its own frequent and regular inspections of all work covered by or performed under this Subcontract at the project site to verify compliance with the Subcontractor's safety program and all applicable safety standards, rules and OSHA regulations. The Subcontractor and Contractor acknowledge and agree that the Contractor has no control, responsibility or authority over the Subcontractor or the Subcontractor's employees or subcontractors with regard to the safety and health conditions relating to or arising out of the Subcontractor's work or the performance of any work covered by this Subcontract. The Subcontractor has the sole responsibility and authority for ensuring that any and all hazardous conditions relating to or arising out of the Subcontractor's work are corrected. With regard to the Subcontractor's work or any work covered by or performed under this Subcontract, the Contractor is not the controlling employer or controlling entity for the purpose of detecting hazardous conditions or ensuring that hazardous conditions are corrected."
- 8 Nondiscrimination:
- 8.1 Neither the Contractor nor any sub-Contractor nor any Person(s) acting on his behalf shall discriminate against any person because of race, sex, age, creed, color, religion, national origin, or disability.
- 9 Warranty:
- 9.1 The Contractor shall warranty all workmanship and materials for up to one year after completion of the project.
- 9.2 Contractor warrants that the work will be performed in accordance with generally accepted standards associated with the particular professional discipline involved, as practiced by members of such discipline in the same locality and under similar conditions.
- 10 E-Verify
- 10.1 The provider and its subcontractors shall comply with Article 2 of Chapter 64 of the North Carolina General Statutes relating to the required use of the federal E-Verify program to verify the work authorization of new hired employees. Failure of the provider to comply with this provision or failure of its subcontractors to comply

- 8.8.2 If such circumstances persist for more than ten (10) days or if after their cessation the Contractor is unable to render full or substantial performance for a period of ten (10) days, he or the Town may terminate this Contract upon giving not less than twenty (20) days written notice to the Town.
- 8.9 Arbitration and Award - Any controversy or claim arising out of or relating to this agreement, or breach thereof, shall be settled by arbitration in accordance with the rules of the American Arbitration Association by arbitration in Forsyth County, North Carolina. Judgment upon the award rendered by the arbitrators may be entered in any court having jurisdiction thereof.
- 8.10 Assignment of Contract - No assignment of this Contract or any right accruing under this Contract shall be made in whole or in part by the Contractor, directly or indirectly by sale of stock of the Contractor to an entity unrelated to the Contractor, or other device, without the express written consent of the Town, which consent shall not be unreasonably withheld. The delegation of any Contract duties will require the written consent of the Surety as such a delegation will not relieve the Contractor or his Surety of any liability and/or obligation to perform. In the event of any delegation of duty, the delegate shall assume full responsibility and liability for performance of that duty without affecting the Contractor's liability.
- 8.11 Change of Ownership - In the event that the Contractor's business assets are sold, without the written consent of the Town, the Town maintains the right, to terminate this agreement and, to hold the original owner solely liable. If, however, the Town determines, in its sole discretion, that the new ownership can adequately and faithfully render the services called for in this Contract for the remaining term of the Contract, then the Town may elect to execute a novation, allowing the new ownership to assume the rights and duties of this Contract and releasing the previous ownership of all obligation and liability. The new ownership would then be solely liable for any work and/or claims attendant to this agreement.
- 8.12 Waivers:
- 8.12.1 A waiver by either party of any breach of any provisions hereof shall not be taken or held to be a waiver of any succeeding breach of such provision or as a waiver of any provision itself. No payment or acceptance of compensation for any period subsequent to any breach shall be deemed a waiver of any right or acceptance of

defective performance.

- 8.12.2 Where the condition to be waived is a material part of the Contract such that its waiver would affect the essential bargains of the parties, the waiver must be supported by consideration and take the form of a Contract modification as provided for elsewhere in this section.
- 8.13 Illegal and Invalid Provisions - Should any term, provision or other part of this Contract be declared illegal it shall be excised and modified to conform to the appropriate laws or regulations. Should any term, provision or other part of this contract be held to be inoperative, invalid or unenforceable, then such provision or portion thereof shall be reformed in accordance with applicable laws or regulations. In both cases of illegal and invalid provisions, the remainder of the Contract shall not be affected but shall remain in full force and effect.
- 8.14 Joint and Several Liability - If the Contractor is comprised of more than one individual, corporation or other entity, each of the entities comprising the Contractor shall be jointly and severally liable.
- 8.15 Binding Effect - The provisions, covenants, and conditions in this Contract apply to bind the parties, their legal heirs, representative, successors, and assigns.
- 8.16 Amendment of the Contract - No modification or amendment of the terms hereof shall be effective unless written and signed by the authorized representatives of all parties entitled to receive a right or obligated to perform a duty under this Contract. A signed original is to be fastened to the original Contract with signed copies retained by all the parties.
- 8.17 Merger Clause: Previous Agreements Suspended - This agreement constitutes the final and complete agreement and understanding between the parties. All prior and contemporaneous agreements and understandings, whether oral or written, are to be without effect in the construction of any provision or term of this Contract if they alter, vary or contradict this agreement.
- 9 Safety of Workers and Accident Exposure:
- 9.1 The Contractor is expected to comply with OSHA standards as they may apply to the Contractor's execution of the requirements of this Contract.
- 9.2 The Contractor shall provide to the town a copy of employee safety policies and procedures.
- 9.3 The Contractor's employee safety policies and procedures must provide for adequate protection of all employees performing duties as a part of this Contract and adequate safety of other individuals at or near the work area.
- 9.4 The Contractor shall conduct its own "frequent" and "regular" inspections at the job site for compliance with its safety program and pertinent OSHA regulations.
- 9.5 The Contractor shall provide in all subcontracts that each subcontractor and their subcontractors strictly adhere to all safety standards, rules, and OSHA regulations pertinent to the type of work being performed.
- 9.6 The Contractor shall provide in all subcontracts that each subcontractor and their subcontractors develop a safety program for work covered by the subcontract.
- 9.7 The Contractor shall provide in all subcontracts that each subcontractor and their subcontractors conduct their own "frequent" and "regular" inspections at the job site for compliance with its safety program and all pertinent OSHA regulations.
- 9.8 The Contractor shall include the following statement in subcontracts: "Subcontractor shall, at its own expense, strictly adhere to all pertinent safety standards, rules and OSHA regulations required or recommended by governmental or quasi-governmental authorities having jurisdiction. The Subcontractor hereby acknowledges that it has its own safety program for all work covered by or performed under this Subcontract. The Subcontractor agrees to conduct its own frequent and regular inspections of all work covered by or performed under this Subcontract at the project site to verify compliance with the Subcontractor's safety program and all applicable safety standards, rules and OSHA regulations. The Subcontractor and Contractor acknowledge and agree that the Contractor has no control, responsibility or authority over the Subcontractor or the Subcontractor's employees or subcontractors with regard to the safety and health conditions relating to or arising out of the Subcontractor's work or the performance of any work covered by this Subcontract. The Subcontractor has the sole responsibility and authority for ensuring that any and all hazardous conditions relating to or arising out of the Subcontractor's work are corrected. With regard to the Subcontractor's work or any work covered by or performed under this

TOWN OF LEWISVILLE CONTRACT

Subcontract, the Contractor is not the controlling employer or controlling entity for the purpose of detecting hazardous conditions or ensuring that hazardous conditions are corrected.”

10 Nondiscrimination:

10.1 Neither the Contractor nor any sub-Contractor nor any Person(s) acting on his behalf shall discriminate against any person because of race, sex, age, creed, color, religion, national origin, or disability.

11 Warranty:

11.1 The Contractor shall warranty all workmanship and materials for up to one year after completion of the project.

11.2 Any materials, equipment, or workmanship discovered to be inferior or fails to perform as reasonably expected shall be repaired or replaced by the Contractor, at the Contractor's expense, within thirty (30) days of being notified of such discovery.

12 E-Verify

12.1 The provider and its subcontractors shall comply with Article 2 of Chapter 64 of the North Carolina General Statutes relating to the required use of the federal E-Verify program to verify the work authorization of new hired employees. Failure of the provider to comply with this provision or failure of its subcontractors to comply could render this contract void under North Carolina law. It is the expectation of The Town of Lewisville that the provider will comply with all applicable federal immigration laws in its hiring and contracting practices relating to the services covered by this contract involving Town funds

 - a. **Introductions, Recognitions, Presentations and/or Proclamations**
 - i. Presentations
 - (1) Public Safety Report - Sgt. Stringer
 - (a) Sgt. Stringer provided current call statistics:
 - (i) Calls for *Service* - 516
 - (ii) *Security Checks* - 266
 - (iii) *Traffic Violations/Arrests* - 39
 - (iv) *Alarms* - 16
 - (v) *Priority Call Response* times - 4.7 minutes
 - (b) Also provided was a comparison of 2020 January and February statistics to 2021 statistics.
 - (i) The stats were emailed to Council.
 - (c) Parents were asked to be mindful of checking their children's on-line presence since schools only have a few platforms that are monitored and children's predators are "slick". It is always the parents' responsibility to monitor their children.
 - (2) [I'm One of the Reasons Lewisville is a Great Place to Live](#)
 - (a) Rita Smith - LCAP
 - (i) Mrs. Smith was presented this award for her work LCAP and the food pantry.

approved unanimously with a roll call vote of ayes from Council Members Foster, Franklin, Hunt, Sadler, Smitherman, Welch and Mayor Horn. Proclamation 2021002 is herein incorporated by reference into the minutes.

- (i) Staff will look into providing information to residents about opportunities to donate as mentioned regarding LCAP and Meals on Wheels.

4. Public Forum

- a. The Public Forum was electronically opened at 6:19 p.m.
 - i. Blaine Brinton, Conrad-Sawmill Road, asked if any action had been taken on the junk yard on the corner of Conrad-Sawmill Road and Robinhood. He also asked about comments on a Community Watch web site. There was also a question about the property being a junk yard.
 - (1) Mayor Horn advised that the town is actively reviewing the concerns of the residents; however, any actions taken must operate within the law and all ordinances are being reviewed on those items of concern.
 - ii. April Williamson, Conrad-Sawmill Road, said that she read an article in the January/February newsletter about keeping items off the right-of-way and wanted to know how it applies. There was an email sent on February 12th with no response. She also asked about getting restraining orders and contacting HP (Highway Patrol).
 - (1) Mayor Horn advised that the road in question will fall under the DOT to enforce. In order to enforce, *NO PARKING* signs must be placed and then there can be enforcement.
 - (2) Deputies have increased surveillance. Residents can call the non-emergency number if something is observed and deputies are needed.
 - (3) The clerk asked to be contacted so that the email can be tracked.
 - iii. Tina Parker, 7737 Seasons Hollow Road, stated she owns a construction company. When she moved to Lewisville, she understood the ordinances didn't allow certain construction equipment on the property. She said it looks like the resident is running a business from his house and wondered if this has been addressed.
 - (1) Mayor Horn advised that staff is looking at the ordinance and is reviewing the ordinances.
 - iv. Robert Stonestreet, 395 Doub Road, said he is a new resident and asked about the new neighborhood being developed at the end of the road. He wanted to know how widening the road and speed limits affect everyone.
- b. Having no other electronically raised hands, the Public Forum was closed at 6:40 p.m.
- c. Written comments may be sent to townclerk@lewisvillenc.net.

- i. [Ordinance 2021010](#) - requesting the annexation of 7.723 acres off of Doub Road into the town limits with no existing homes
 - (1) Staff presentation.
 - (a) A portion of this property is requesting annexation into the town in order to complete a rezoning and development approval. (See attached map)
 - (2) Public hearing.
 - (a) The Public Hearing was electronically opened at 6:59 p.m.
 - (i) Luke Dickey, Stimmel Associated, 601 North Trade Street, Winton-Salem, 27101, Suite 200, said that he has been working with Mr. McChesney on this project and is in favor of the annexation to bring into the town so that the development project will be under one jurisdiction.
 - (b) Having no other electronically raised hands, the Public Hearing was closed at 7:01 p.m.
 - (3) Consideration.
 - (a) Allowing the required 24 hours following the close of the public hearing under NC Session Law 2020-3, consideration for annexation Ordinance 2021010 will be held on March 16, 2021 at 6:00 p.m. Written comments may be sent to:

- b. Rezoning request
 - i. [Ordinance 2021011](#) - requesting the rezoning of an area annexed off of Doub Road into the Town of Lewisville from Forsyth County RS-40 jurisdiction to Lewisville RS-20 jurisdiction
 - (1) Staff presentation.
 - (a) This is the small area of 7.723 acres that is to be annexed into the Town in order to complete the full property needed for the proposed development and so that all of the property in the development will carry the same zoning district and it won't be split.
 - (2) Public hearing.
 - (a) The Public Hearing was electronically opened at 7:05 p.m.
 - (i) Robert Stonestreet, Doub Road, asked if Shangri-la will be closed and he also wanted to know what the traffic pattern and congestion will be like. He thought the speed limit would be increased and he was also concerned about the widening of the road.
 - 1) Mayor Horn advised Mr. Stonestreet can contact the planner if he has additional concerns; however, the majority of Mr. Stonestreet's concerns may be answered during the technical review.
 - (b) Having no electronically raised hands, the Public Hearing was

9. **Technical Review(s)**

- a. [Resolution 2021020](#) - Lewisville Technical Review for Compliance (LTCR) for Gameway Estates case L-PBR 2020002
 - i. Staff presentation. (Mrs. Tolbert shared her **map** of the entire property to be developed.)
 - (1) This property lies within the WS-IV Watershed Area.
 - (2) The existing right-of-way continues to the current town limit.
 - (3) Some widening of the road will occur where it narrows.
 - (4) Roller Ridge Drive and Shangri-La Drive are connections that could be made, however, stream crossings and topography make those connections difficult.
 - (a) The developer will be requesting a waiver asking that those connections not be made because of construction constraints, topography and environmental concerns.
 - (b) The developer is proposing two cul-de-sacs.
 - (5) This development meets the large lot subdivision requirements (over 40,000 square feet for each lot), with each lot being 1 to 8 ½ acres in size, with no sidewalk or curb and gutter required.
 - (6) Ribbon pavement will match the existing pavement.
 - (7) The property will not be clear-cut and will retain a street tree canopy where feasible.
 - (a) Individual lot owners will determine what trees will need to be cut in order to build the house.
 - (8) Mrs. Tolbert referred to her staff report referencing the widening of Doub Road where it needs to meet DOT standards.

Digitally originating in Council Chambers 1st floor - Lewisville Town Hall
6510 Shallowford Road

REQUEST: Preliminary Major Subdivision

A major subdivision in the RS-20 zoning district. The meeting requires technical review for compliance by the Planning Board and approval by the Town Council.

PIN #'s: 5875-51-5882 & 5875-50-4898

Acreage: 61.74 acres

LOCATION:

Street: Extension of Doub Road off of Williams Road.

Jurisdiction: Town of Lewisville

PROPERTY SITE/IMMEDIATE AREA:

Existing Structures on Site: The site is a wooded lot with one single family dwelling on each parcel.

Adjacent uses:

- * North - Single family residences, large lots, zoned RS-20
- * East - Single family residences, established development, zoned RS-20
- * South - Single family residences, Shangri-La Drive properties, zoned RS-20
- * West - Single family residences, established development, zoned RS-40; Forsyth County Jurisdiction

GENERAL AREA:

Character/Maintenance: The homes in this area are mainly single family medium and large lots. The properties to the east and west of the subject property are established neighborhoods. The general area is zoned RS-20 & RS-40.

PHYSICAL FEATURES:

Topography: Throughout the site there are gentle slopes and steeper slopes to the south of the property. There is a pond located on the property and is surrounded by streams to the East, South & West.

Vegetation/habitat: The property is covered in a wooded vegetation. The developer notes on the site plan the existing trees are to remain where feasible.

Watershed: The property is located within the Yadkin River WS-IV watershed district.

WATER AND SEWER FACILITIES:

The property is to be served by public water and private septic systems.

TRANSPORTATION:

Direct Access to Site: Doub Road by Williams Rd.

Street Classification(s): Doub Road- Local Arterial

CONFORMITY TO PLANS:

Town of Lewisville Unified Development Ordinance (UDO) - The property is located within the WS-IV Yadkin River Watershed. Major large lot subdivisions within the watershed area that have an overall residential density not to exceed one unit/80,000 sq ft and with a minimum lot size of 40,000 sqft do not require curb and gutter, therefore sidewalks are not required. The proposed subdivision meets the requirements to be considered a large lot subdivision. The applicant wishes to develop a project that remains

low density. The overall average lot size is 1.94 acres.

The UDO also requires inter-connectivity of subdivisions. This particular property abuts two stub streets, Shangri-La Drive and Roller Ridge Road. There is the possibility of one more connection to be made for future development to the east. All three of these opportunities are limited due to streams. Stream crossings would be required of all three connectivity opportunities. Shangri-La Drive and Roller Ridge Road are also undeveloped stub streets. It would be additional costs to the developer due to the pavement not reaching the property in question. Staff feels the property, accounting for the pond, streams and topography, is an unusual circumstance where this provision is difficult to meet.

The UDO states the Elected Body may deem that existing conditions or special plan provisions warrant a variation from these requirements. In a separate document enclosed with this staff report, the developer has submitted a letter to the Elected Body asking for these requirements to be waived.

Lewisville Comprehensive Plan Update 2015 - The Plan describes this area as being single family residential and being used as low to medium density. The minimum lot size is 20,000 square feet but all lots are much larger than 20,000 square feet, lending this development to a large lot development. The proposed subdivision does follow these standards.

Legacy Development Guide - Legacy recognizes this area as being in GMA-3 Suburban Neighborhoods. Legacy states GMA-3 areas should be used for increasing overall residential density. Subdivisions in GMA-3 cater to specific housing styles and price ranges. The proposed subdivision does fall into this category.

ANALYSIS:

The applicant is requesting a preliminary major subdivision approval in RS-20 zoning. The preliminary major subdivision plat does adhere to the RS-20 standards.

Town staff is of the opinion that the request is in general conformance with the Town's Comprehensive Plan and Legacy for the area. The developer has or will need to follow the major subdivision requirements in Chapter D Section 4, including but not limited to the requirements below:

1. Street tree requirement: 1 tree per 45 linear feet plus 1 additional tree per lot in conventional subdivision. If lots are to remain wooded, some additional plantings may be required.
2. Erosion control permits shall be obtained through The City of Winston-Salem.
3. Stormwater management permits, if required, must be obtained through the Town of Lewisville before issuing building or zoning permits.
4. All ponds, streams and stream buffers shall be shown on the final plat.
5. TRC Comments must be remedied.
6. The inter-connectivity requirements must be waived by the Elected Body.
7. Doub Road must be brought to a minimum standard that meets NCDOT requirements of at least 18 feet in width where needed.

RECOMMENDATION:

The project does meet the overall density requirements of the RS-20 zoning district. Statements found in both

the Lewisville Comprehensive Plan and Forsyth County Legacy Plan encourages this area to remain residential. Staff recommends approval of the Gameway Estates preliminary major subdivision subject to the requirements stated above and any other Conditions placed by the Town of Lewisville Planning Board.

- (9) Regarding the widening of Doub Road:
 - (a) The right-of-way is 60 feet with a minimum road width of 18 feet.
 - (b) Therefore, no property will need to be acquired.
 - (c) The narrow area of 14 feet will need to be widened to 18 feet in order to meet the minimum DOT standard.
- (10) The subdivision consists of 30 lots, 28 will be new with 2 existing which will become part of the subdivision.
- (11) There is no increase in the speed limit. (Town-wide speed limit is 25 mph)
 - (a) Community deputies will patrol.
- (12) The existing road could use some patching around the area where it gets narrow but the front part of the street is not bad. There are other streets that need paving before this one.
- (13) Surveying will need to be done to determine where to widen the road and will be working with the developer to determine where the widening will occur.
- (14) The area at the end of Doub Road has already been identified as needing repair and improvements are the responsibility of the developer.
 - (a) The developer is not responsible for normal wear and tear.

Mr. McChesney and Mr. Dickey were electronically admitted to the meeting in case there were questions.

- (b) Mrs. Tolbert explained the plat process approval for completion of the roads and that the approval is then registered with the Register of Deeds before lots can be sold.
 - (i) There is no way to forecast build-out.
- (15) Each home will have its own private septic system with public water.
- (16) Mrs. Tolbert read the requirements from the resolution:

Resolution 2021020

- 1. Street tree requirement: 1 tree per 45 linear feet plus 1 additional tree per lot in conventional subdivision. If lots are to remain wooded, some additional plantings may be required.
- 2. Erosion control permits shall be obtained through The City of Winston-Salem.
- 3. Stormwater management permits, if required, must be obtained through the Town of Lewisville before issuing building or zoning permits.
- 4. All ponds, streams and stream buffers shall be shown on the final plat.

least 18 feet in width where needed.

- (17) Since the property has not been annexed nor has it been rezoned so this approval will need to be postponed until the annexation and rezoning have been completed.
- (18) Stormwater goes to an engineer who will make determinations; however, this is anticipated to be low density to limit impervious surface.
- (19) The new subdivision will have a homeowners association.
- (20) Mrs. Tolbert explained why the developer was requesting a waiver:
 - (a) There are environmental issues, i.e. crossing the streams that would require the Army Corps of Engineers to be involved, costly.
 - (b) Topography.
 - (c) Construction costs.
- (21) Public safety has not been jeopardized by not having connectivity. This has been reviewed by the fire professionals on the TRC and meets code.
- (22) Mr. McChesney advised that there are stub streets that do not meet the property line for the development and in some instances there are elevation changes of 40 feet that would cost hundred of thousands of dollars to level.
- (23) Mr. Dickey also advised the cost of fees for permitting through the Army Corps of Engineers is \$1,000.⁰⁰ a linear foot. Another option would be to build a bridge.
- (24) Mr. McChesney advised that the last bridge cost \$600,000.⁰⁰.
- (25) Mr. Franklin advised that the Technical Review Committee did not recommend the need for connectivity and that Council should take the guidance of that committee.
- ii. Consideration.
 - (1) Consideration will be held on Tuesday, March 16, 2021 at 6:00 p.m.

- a. Public Comments
 - i. Public Comments were electronically opened at 8:08 p.m.
 - (1) Robert Stonestreet, Doub Road, thanked everyone for clearly explaining the connectivity on the road and that the narrow area is to be widened to 18 feet. He also asked for a copy of the site plan.
 - (a) Mrs. Tolbert advised that she can email a copy to him.
 - (b) Mrs. Walker advised that the site plan is in the packet that is on the town's web site.
 - ii. Having on other electronically raised hands, Public Comments were closed at 8:12 p.m.
 - iii. Written comments may be sent to townclerk@lewisvillenc.net.
- b. Council Comments/Discussion
 - i. Dog park
 - (1) Mrs. Hunt asked if a time line has been received from the consultants on the Comprehensive Plan and the Parks and Recreation Master Plan.
 - (a) Mrs. Tolbert detailed the months for public input.
 - (b) The anticipated approval for the Parks and Recreation Master Plan is October, 2021 and the Comprehensive Plan is February, 2022.
 - (2) Given the October time frame, she also wanted to know if there is an earlier start date if kept in the plan and is there a draw back if removing from the plan.
 - (a) Mr. Perkins advised that the dog park could be considered a short term goal and it could be embarked upon as soon as November if the plan is adopted in October.
 - (b) He also explained that Parks and Rec had discussed the need for a site location.
 - (i) Board members have talked about working on preparing rules and regulations ready whenever the dog park is opened.
 - (ii) There will also need to be a master plan for the location and you will need to know about utilities for bathrooms, parking, etc.
 - (iii) The property selected may have to go through a rezoning process.
 - (c) Mr. Perkins also explained that removing the dog park from the master planning can also make planning disjointed since there is no location for the dog park and other amenities are being planned as a separate process.
 - (d) Consultants will be able to provide the results of public input that will be specific to parks and recreation.
 - (i) The consultants will be at the April briefing to provide more information and the process.
 - (ii) Board and committee members will be invited to attend the meeting to provide information.

- ii. Mrs. Foster requested support to work with Mr. Perkins on a separate work session. The meeting will help to move forward on policy and procedures as well as Council direction. This should probably take about 2 hours.
 - (1) Mayor Horn asked for an outline of the meeting to be provided to the manager.
- iii. Mayor Horn advised Council members of the auction of metal art work for the roundabouts.
 - (1) Mr. Ryan advised of safety concerns and the DOT would have to be consulted.
 - (a) Staff will check.
 - (2) Beautification will be asked to assist.
 - (3) There are other areas where the art can be displayed.
 - (4) After discussing purchasing or having pieces donated, Council members were supportive of getting some of the art work for the town.
 - (5) Mayor Horn advised that a resident has offered to purchase some pieces and is willing to donate them to the town.
 - (a) A location can be discussed later.
 - (b) Mayor Horn will reach out to the resident.
- iv. Council Member Franklin wanted everyone to know that he received his first “jab” yesterday and that the FEMA site at Four Seasons Mall was fantastic.
- v. Council Member Foster also wanted everyone to know that the Forsyth County Health Department facility also worked smoothly.
- c. Adjournment
 - i. Having no other business to discuss, Council Member Foster moved to adjourn the meeting at 8:50 p.m. The motion was seconded by Council Member Smitherman and approved unanimously with a roll call of ayes from Council Members Foster, Franklin, Hunt, Sadler, Smitherman, Welch and Mayor Horn.

Proclamation 2021003

PROCLAIMING MAY 13, 2021 AS VOLUNTEER FIREFIGHTER DAY

WHEREAS, a Federal Emergency Management Agency (FEMA) Staffing for Adequate Fire & Emergency Response (SAFER) grant has allowed the North Carolina Association of Fire Chiefs and the International Association of Fire Chiefs to create the “For Community, For Unity: Be a Volunteer” a multi-year Volunteer Workforce Solutions initiative designed to address the critical need for more volunteer firefighters in North Carolina; and

WHEREAS, North Carolina has more than 1,200 fire departments staffed with more than 50,000 firefighters, with 16,493 career and 33,913 volunteers; and

WHEREAS, 90 percent of all fire departments are either all or mostly comprised of professionally trained volunteers; and

WHEREAS, volunteer firefighters can be called upon 24 hours per day, seven days per week to abandon the warmth and comfort of their homes in the middle of the night or during a holiday celebration, leave the fun of family gatherings on sunny summer afternoons, enter burning buildings, rescue stranded hikers and struggling swimmers, extricated victims from automobiles, and more; and

WHEREAS, volunteer firefighters save their communities millions of dollars every year; and

WHEREAS, the majority of fire departments throughout North Carolina are experiencing a volunteer shortage; and

WHEREAS, fire departments throughout North Carolina will hold volunteer recruitment events (virtually) and in-person (when appropriate) throughout the State; and

WHEREAS, fire departments throughout North Carolina celebrate fire protection month.

NOW THEREFORE, the Lewisville Town Council hereby proclaims May 13, 2021 as **VOLUNTEER FIREFIGHTER DAY** in the Town of Lewisville, North Carolina.

Dated this 13th day of May, 2021 for the Lewisville Town Council.

REQUEST OF AMENDMENT:

Zoning: PB-S (Pedestrian Business)
Uses Allowed: Combined Use Multi-Family
PIN#: 5875-97-7671 & 5875-97-8451
Acreage: 1.56 Acres

LOCATION:

Street: Great Wagon Road
Jurisdiction: Town of Lewisville

PROPERTY SITE/IMMEDIATE AREA:

Existing Structures on Site: The site is currently vacant.

Adjacent uses:

- * North - Single family residence, 204 North St, zoned RS-20
- * East - Single family residences, 196 Will Austin Ct & 135 Belnette Dr, zoned RS-20
- * South - property fronts Great Wagon Rd and Shallowford Square
- * West - Single family residence, 155 Belnette Dr, zoned RS-20

GENERAL AREA:

Character/Maintenance: This area is located in the Downtown Overlay District which includes residential, commercial and recreational uses.

PHYSICAL FEATURES:

Topography: The site slopes gently from the south to west but is predominately flat.

Vegetation/habitat: The property is covered with natural vegetation including grasses and some trees.

Impact on Existing Features: Impacts are to be expected, However the main building is to be placed on the front property where there are not many trees.

WATER AND SEWER FACILITIES:

Public water and sewer are available to the site.

Direct Access to Site: Great Wagon Road and North Street, to be accessed off North Street.

Street Classification(s): Local arterial

Average Daily Traffic Count/Estimated: Closest measurement is Shallowford Rd at 10,000 adt (source: NCDOT AADT 2017)

HISTORY/RELEVANT ZONING CASES:

- * L-083; RS-9 to RM-12-S (Multi Family Residential) approved 05/10/2018; west side of Styers Ferry Rd adjacent to this property for Phase I of this same project including an apartment complex of 60 units; Planning Board and staff recommended approval.
- * L-096; Technical Review for Compliance on current property for request. Zoned PB-S for Combined Use, Multi-Family. Request was for a 4 story multi-family building with 39 units to include a restaurant on the ground floor. Staff recommended approval, Planning Board recommended denial to the Town Council and the Town Council denied the request.

CONFORMITY TO PLANS:

Lewisville Unified Development Ordinance (UDO) - There are a few instances in the UDO where some regulations do not support other regulations throughout the ordinance. For instance, the property is located within the Downtown Overlay District where properties zoned PB are not required to have any building setbacks. However, in other parts of the UDO, bufferyard and building setback requirements differ from that of the Downtown Overlay and if applied, would make the properties downtown un-buildable. These requirements include 15 foot landscaped bufferyards and 40 ft building setbacks from residential properties. As staff, I do not feel these regulations support the intent of the Downtown Overlay. Staff's interpretation of the ordinance is to allow properties in the Downtown Overlay that are zoned PB to maintain the zero build-to line and to install plantings around the perimeter of the property to accomplish a separation between existing uses. In the Downtown Overlay, landscape requirements are mentioned which include plantings along the front facade of buildings but no specific requirements are detailed for side and rear property lines. Elevations have been submitted for the project and are included in the packet material. The applicant meets the elevation requirements including building height in the Downtown Overlay of 2 stories, 48 feet, color scheme and roof pitch. Overall, the proposal meets the requirements of the UDO.

Lewisville Comprehensive Plan Update 2015 - The Plan describes this area as being where higher density uses are appropriate, particularly where sewer is available. This area is located in the downtown area of Lewisville where it is recommended by the Comprehensive Plan to have a mixture of office, retail and residential uses. This area would be suitable for a multifamily mixed-use development to include a restaurant due to ease of access to surrounding complementary uses.

The Plan also contains a number of "Recommended Actions." In the chapter on Land Use, recommendations include; support of design standards in the development of downtown, allow for higher density zoning surrounding the downtown area, and require parking for multi-family to be to the rear of the structures or screened from the road.

Legacy Development Guide - *Legacy* encourages a mixture of office, retail and housing along Growth Corridors that do not contribute to "strip development." The property is located in Growth Management Area 2 but abuts Growth Management Area 1 which is Town Centers. In Town Centers, it is encouraged to have more residential development at higher densities while promoting deck parking over surface parking.

ANALYSIS:

This property was zoned PB-S in 2000 and was zoned for combined use - multi family. In the Unified Development Ordinance, the definition of a combined use is a principle building which is used for any

combination of dwelling units(s), including single family, duplex and multifamily, and any other use(s) permitted in the zoning district. The original site plan that was approved in 2000 has sunset, or expired. A request was submitted for this property in 2020 for a 4-story multi-family building of 39 units with a restaurant. This request was denied by the Town Council. A new request has been submitted for a 2-story multi-family building of 39 units with a restaurant. A restaurant without drive-thru service is a use allowed by right in the PB (Pedestrian Business) zoning district.

PB is primarily intended to accommodate office, retail, service, institutional and high density residential uses which customarily serve community and convenience business needs of smaller communities and urban nodes in the city and county. The district is intended to encourage the development of attractive, identifiable small towns, and to accommodate the pattern of building in the business concentrations surrounding the central core of municipalities.

RECOMMENDATION:

Town staff is of the opinion that the request meets the standards of the Unified Development Ordinance. The site has available infrastructure to support the density of development that is being proposed. Statements found in both the *Lewisville Comprehensive Plan* and *Forsyth County Legacy Plan* encourages higher residential density that promotes pedestrian connectivity and availability in a downtown center.
